## STRIKE IN U.S. ANTHRACITE FIELD SETTLED

### FRUIT MEN SEEK TO GET OUT OF GROWERS' BODY

Ranchers Form Separate Companies to Escape Co-operative Contracts

New Court Ruling Threatens Serious Results From Okanagan Co-operation

The recent decision of the B. C. Court of Appeal against the Associated Growers of B.C., in which the court ruled that growers under contract who were sued by the co-operative association were not at fault in turning their fruit ranch into a private company and thus evading the contract, will have far reaching results in the withdrawal of many growers from their contracts.

This became clear to-day with the announcement that about a dozen Okanagan fruit growers already have taken steps on the strength of the Appeal Court's ruling, to escape from their contract with the Associated Growers' organization. This is accomplished in each case by the formation of a company to take over the assets of the individual owner. This company, according to law, is not bound by the legal obligations of the grower to sell his fruit through the co-operative organization.

### PRETTY CHINESE GIRL FIGHTS TO STAY IN CANADA

Identity of Alleged Victoria Born Oriental Under Dispute

While a pretty twenty-year-old Chinese girl and several of her Chinese friends followed the proceedings with close interest arguments proceeded in Supreme Court Chambers before Mr. Justice Murphy this morning on whether Lee Chow Ying, claiming to be a Victoria born Chinese girl, may remain in Canada or whether she shall be deported to China. Immigration officials claim she came from China to Canada for the first time several months ago, and allege the Chinese girl named in the suit is not the Lee Chow Ying she claims to be.

Stuart Henderson and T. M. Miller appear for the Chinese girl, and M. B. Jackson for the Crown.

Referring to a judgment against him by Mr. Justice Murphy in the Supreme Court, Mr. Henderson this morning sought to reopen the subject of identity on the grounds that although judgment had been given no order had been made. He had three witnesses present to speak on this subject.

His lordship suggested having given his judgment, this was a matter for the Appeal Court.

Mr. Henderson argued that with no order made his lordship could reopen the matter at any time, but waived the point for the time being, while he proceeded with other arguments.

Continuing, Mr. Henderson protested that no affidavit on the action had been filed.

### COAL RAIL RATES ARE GIVEN STUDY

Ottawa May Instruct Board to Investigate Problem of Ontario

Ottawa, Feb. 12.—The Government has under consideration the giving of instructions to the Railway Commission to examine immediately into and report on the actual cost of moving coal from the Maritime Provinces and from Alberta to Central Canada. It was learned to-day.

Hon. E. M. MacDonald, Minister of Defence, intimated this morning to a group of Alberta and Maritime members who had met to discuss the fuel problem, that this proposal was being discussed.

### LEAGUE TO MEET MARCH 8 TO MAKE GERMAN MEMBER

Geneva, Feb. 12.—The League of Nations Council, at a special session to-day, convoked an extraordinary session of the Assembly of the League for March 8 to act on Germany's application for membership.

### POLICE SEARCH COAST FOR MISSING FISHERMAN

Lone Occupant of Launch, Failed to Return From Fishing Grounds This Morning; Believed in Difficulties Somewhere Near Beechey Head; Search Party Sent to Sea.

Provincial police officers aboard the Government launch Evelyn, were searching this morning for a fisherman named Anderson, in danger in his launch somewhere off William Head or Beechey Head, and who is believed to be in serious difficulties with engine trouble in his launch. Reports reached the Provincial Police headquarters this morning that Anderson had been out all night in his boat and had not returned this morning.

Dr. C. P. Brown of the Quarantine Station, communicated with the police this morning suggesting that a search for the missing man be made. The tragedy of the tug Hope, where seven were drowned, is in this vicinity.

Anderson, of whom little is known, save that he was a fisherman, living near William Head, was alone in his launch yesterday when he set out for his nets. He was expected back this morning. He would have worked through the night and early morning and been back with the daylight, as is the custom with fishermen, but he had not shown up at 2 o'clock this afternoon. The friends of Anderson are alarmed.

### A. MARSHALL DIED IN DULUTH

Duluth, Minn., Feb. 12.—A. Marshall, chairman of the board of directors of the Marshall Wells Hardware Company, the largest hardware concern in the world, died at his home here this morning following a prolonged illness.

### WATER PIPES FOUND TO BE WELL MADE

Vancouver City Council Inquiry Proves Charges Against Contract Unfounded

Vancouver, Feb. 12.—Conduct of A. McFarlane and E. M. Lefluy, city employees, in circulating statements and rumors concerning the city's \$200,000 waterworks order from the Vancouver Engineering Works was "unqualifiedly condemned" in the report on the city council, issued to-day.

The actions of these two men in not placing the facts before their officials, or through official channels before the proper authorities, "stamp the whole matter as not having been actuated by good faith," the report declares.

NO BASIS FOR CHARGES

Going over the charges of McFarlane and Lefluy in detail, the report, which was endorsed by all the aldermen except Angus McInnis, Labor representative on the council, declares that "no evidence was submitted which, in the opinion of the board, substantiated or justified the allegations made."

The board declared it was thoroughly satisfied the pipe already supplied, and that now being manufactured, was eminently satisfactory.

An inquiry into alleged irregularities in the city waterworks shops was opened at 10 a.m. to-day, the city council sitting as a court to take evidence under oath.

### HORSE POPULATION OF THIS COUNTRY IS DECREASING

Toronto, Feb. 12.—The report of the directors of the Clydesdale Horse Association of Canada, submitted at the annual meeting of the association here yesterday, stated the horse population of Canada during 1925 had shown a decrease of 34,000 animals, compared with the year before. The most noticeable falling off was recorded in the class of colts and fillies, which showed a decrease of 24,000.

### Street Car Struck Vancouver Man

Vancouver, Feb. 12.—Suffering from a fracture of the skull and numerous cuts and abrasions, a man thought to be T. E. Bugles, address unknown lies in a critical condition in the Vancouver General Hospital as a result of being struck by a street car at Main Street and Northern Avenue last evening.

### HIS BODYGUARD IS NOW SIX MEN; PRINCE OF WALES

London, Feb. 12.—The personal bodyguard of the Prince of Wales has been doubled and now consists of six picked men.

The authorities give no reason for insuring such protection for the Prince, whose new guard is stronger and more imposing than that of any other member of the royal family.

### URGES FRIENDSHIP BETWEEN ITALIANS AND GERMANS

Berlin, Feb. 12.—Former Premier Nitti of Italy, in an interview with the Paris correspondent of The Vorwarts of Berlin, organ of the Socialists of Germany, expressed the conviction the people of the Southern Tyrol would never be disloyal to Italy, provided they were treated fairly.

He remarked there never had been untoward incidents in the Tyrol while he was Premier and took a slap at Premier Mussolini by declaring that "only an ignorant would dare to belittle German culture."

The measures taken against Southern Tyrol were much like those taken against Italian opponents of Fascism, he said. He pleaded for friendship between the two countries.

### U.S. TO-DAY HONORS LINCOLN'S MEMORY

People Pause to Pay Tribute to the Achievements of Martyred President

Chicago, Feb. 12.—Tribute to Abraham Lincoln as a world figure of history and the ideal of millions was paid throughout the United States to-day on the 117th anniversary of his birth.

Lincoln's birthday is not a national holiday, but is observed in twenty-eight states as such.

Stock exchanges and boards of trade were closed. The achievements of the President and statesman were honored in commemorative speeches and services in various cities.

The largest public gathering in New York will be at the Town Hall, where General Sir Arthur Currie, commander of the Canadian corps and now principal of McGill University, Montreal, will speak to-night at a dinner given by the League for Political Education.

### New Farm Plan In United States

Washington, Feb. 12.—Creation of an agricultural corporation with a capital stock of \$200,000,000, subscribed by the Federal Government, and designed to balance production of all basic farm commodities, is proposed in a bill introduced in Congress by Representative McLaughlin, Republican, Nebraska.

### BUSINESS MEN SAY SMUGGLING GROWING

Border Jumpers Increasing, Montreal Merchants Tell Department of Customs

Deputy Minister on Stand at Commons Inquiry in Ottawa To-day

Ottawa, Feb. 12.—Complaints from business men regarding smuggling in the district of Montreal are decidedly on the increase, R. R. Farrow, deputy Minister of Customs this morning told the committee of the House of Commons which is investigating the administration of the Customs Department. These complaints regarding conditions in the Montreal area were serious, he said.

Asked if conditions in Montreal were worse than they were before 1922, when Chief Inspector Busby was "excluded" from that port, Mr. Farrow replied: "Not any better."

Mr. Farrow was again asked to give his opinion of the ability and conduct of R. P. Clerk, present Inspector at Montreal. The Deputy Minister replied he could only answer by comparison.

Asked if Mr. Clerk's activities as Inspector of the port had been satisfactory, Mr. Farrow replied: "Not so satisfactory as those of the chief inspectors (Busby)."

### WILL BE SWORN IN IMMEDIATELY ON ARRIVAL HERE

ROBERT RANDOLPH BRUCE

Called from Liverpool to-day for Canada and will come direct to this city from his home at Invermere. Immediately on his arrival here, Mr. Bruce will be sworn in as Lieutenant-Governor. Cables announcing Mr. Bruce's departure from England were received at Ottawa this morning and relayed to the Parliament Buildings here.

### NUMEROUS SPEECHES IN PRINCE ALBERT

Weather Favors Campaigners For Premier King and David L. Burgess, Candidates

Prince Albert, Feb. 12.—Favored by ideal weather conditions and good roads, campaigners for Premier King and David L. Burgess, who is opposing the Prime Minister in the Prince Albert by-election, have thoroughly canvassed all parts of the constituency and have carried on their speaking tours in every rural centre. The elections have been thoroughly sold of the issues, and the two remaining days before the windup of the campaign will see intensive efforts by supporters of both candidates.

Next Monday will be polling day.

### MINISTERS SPEAK

Early in the campaign the Premier was supported by Premier Dunning of Saskatchewan and since the return of Mr. King to Ottawa the Cabinet Ministers of the province have been active throughout the riding supporting the Federal leader.

At the same time, the campaign of the Independent candidate has been active and Mr. Burgess has been supported by Capt. W. S. Haney, member of the Ontario Legislature for West Lambton.

DESIRES UNITY

The speakers for Mr. King have been emphatic in their declarations of support for the Premier, declaring he can ably represent the constituency in the Commons, and can create a better feeling between the East and West—a spirit of unity.

Mr. Burgess throughout his campaign has repeatedly declared his desire to see the constituency represented in the Federal House by a "home constituency man," and not by an "outsider," as he has termed the Premier.

HANEY'S VIEWS

In Prince Albert last night Capt. Haney addressed electors for the second time, continuing his criticism of the Premier and the Liberal Government and expressing his condemnation of the presence of the Dunning government in the Commons.

### \$200 ROBBERY IN HOPE, B.C.

New Westminster, Feb. 11.—Constable Hazelton of the British Columbia provincial police at Hope, reported to New Westminster headquarters to-day that the Hope Trading Company's store was entered by burglars last night.

The safe was blown open and \$200 in cash stolen.

A round-up of all "unattached" men in the district is being conducted.

## 158,000 MINERS IN U.S. SOON TO RESUME WORK

Agreement Between Delegates for Ending of Tie-up Which Has Lasted Since September 1 Last to be Voted on Next Week by Men; Pact Provides for Operations at Old Rates of Pay Until August 31 1930, With Yearly Opportunity for Requests for Changes.

Philadelphia, Feb. 12.—Final agreement for the ending of the strike which has tied up the anthracite mines of the United States since September 1 last was reached here to-day at 1.47 p.m. Briefly, the terms are as follows:

Work to be resumed at once under the old contracts, subject to certain modifications, the plan to remain in effect until August 31, 1930.

Once a year either side, the miners or the operators, may after January 1, 1927, propose modifications in the wage scales.

The following official announcement was made:

"At a meeting of the anthracite coal conference a tentative agreement was adopted. This agreement will be submitted to the tri-district convention for approval, after which a contract will be formally executed by both sides."

The convention will be held in Scranton, beginning Tuesday morning next.

The mine workers will resume work within ten days, and it is expected the peak of production will be reached by the end of the month.

ARBITRATION BOARD

A board is provided which shall be obligated within ninety days after appointment to arrive at a decision on all issues of wage adjustment.

The board shall formulate its own rules and methods of procedure and may enlarge the board to an odd number, in which event a majority vote shall be binding," says the agreement.

CO-OPERATION DESIRED

Of the check-off, the agreement says: "The demands of the operators and the mine workers on the question of co-operation and efficiency are referred to the board of conciliation, exclusive of the dispute, which shall work out a reciprocal programme of co-operation and efficiency."

STATEMENT BY LEWIS

After the settlement was announced, John L. Lewis, president of the United Mine Workers, said:

## FRANCE INSISTS PARTICIPATION OF RUSSIA IN NEW DISARMAMENT CONFERENCE DEBATE BE ASSURED

Geneva, Feb. 12.—France will insist that the disarmament preparatory commission meet in a place which will insure the participation of Russia, the newspapermen here were told to-day by the French Ambassador, Jean Hennessy, prior to the opening of the special session of the League of Nations Council.

Russia, angered over the assassination of the Soviet envoy, Vorovsky, at Lausanne in 1923, recently refused to attend any meeting on Swiss soil.

## ROBBERIES DONE BY WINNIPEG YOUTHS

Winnipeg, Feb. 12.—Robberies by armed youths of small shopkeepers and drug stores in suburban and residential districts of this city have been reported almost nightly during the last week.

About a dozen places have been robbed at the point of revolver. Midnight, the closing time for the small stores, has proved the usual time for robbery, the latest of which netted the robbers \$150.

## LUMBER ASSEMBLY PLANT WILL BE READY IN 60 DAYS

Question of Interchange of Track Facilities Discussed By Chamber

Within sixty days the lumber assembly plant, the contract for which has already been let, will probably be in operation, C. P. W. Schwengers, president of the Victoria Chamber of Commerce, told directors of the Chamber of Commerce. Mr. Schwengers brought the matter to the attention of the board by remarking that some of the island mills "had taken up the question of an interchange of truckage facilities between the E. & N. and the C.N.R. in the industrial reserve to carry lumber to the assembly plant. The C.N.R. at present had no means of carrying lumber from the island mills to the Ogden Point docks, where the plant was to be established."

H. E. Beasley, superintendent of the E. & N., said it was a question that had been opened up several times but it was a question of who was going to pay for it. By the time the plant was built it would be time to deal with the matter. The company had facilities for transfer at Esquimalt. There were, he said, in answer to a question, a number of mills on the E. & N. line which would want to use the assembly plant. He suggested the matter be taken up with the C.P.R. traffic department. A matter of policy was involved on which he was not prepared to speak.

## RUSSIANS TO SELL ART COLLECTIONS

Soviet is to Dispose of Treasures of Late Czar and Ex-Nobles

Leningrad, Feb. 12.—Another great sale of former Russian imperial possessions is soon to take place. In line with its policy "to make the property of the czarist nobles, the property of the common people," the Government to-day instructed the managers of all the former country palaces of the Emperor and nobility in Leningrad, Tarskoe-Selo, Petichof, Strelna, Gatchina, Pavlovsk, Moscow, Crimea and elsewhere to prepare complete inventories of the art collections and other property therein, with a view to their final preservation or disposition. Articles of definite historic value will be retained and the remainder will be sold to the highest bidder.

The Government expects to realize many millions of dollars by this sale. The practical needs of the country will be better served, they believed, if these merely ornamental articles are converted into locomotives, tractors, ploughs and other utilitarian needs.

NEILL PROTESTS  
DELAY OF M.P.'SComox-Alberni Member Will  
Vote Against Sutherland  
Amendment to Address

Ottawa, Feb. 12.—A. W. Neill, Independent, Comox-Alberni, told the House of Commons yesterday afternoon that as a protest against delays he intended to vote not only against the Sutherland amendment, but against any other amendment which might be presented.

The Conservative, Mr. Neill said, had been given the opportunity to overthrow the Government and had failed. The important thing now was to get down to business. Of all the amendments and sub-amendments which had been introduced since Parliament met the one now before the house was the first one he felt had a direct bearing on British Columbia. The House now had been in session for a month, most of which had been wasted, and during that time a number of matters had been discussed. It was now admitted the Government had had a perfect right to call Parliament, even though its Liberal supporters were not so numerous as those of the Conservative Party. Also it seemed evident that the Conservatives were not entitled to form a government be-

cause they had received the largest popular vote of any of the parties.

## SAWMILLS OPENED

Employment in British Columbia had shown a marked improvement and, in his own constituency of Comox-Alberni this was particularly true. It was the largely, he believed, to the lowering of the duty on sawmill machinery, which had enabled several mills to be set up, and the advantages of the Australian trade treaty.

During the election his opponents had sent workers to the constituency, who "swept through like a horde of hungry locusts, devouring as they went." These men had talked much of the migration to the United States. In the district of Comox-Alberni there had been a great increase in population during the last four years.

Mr. Neill read telegrams from industrial organizations in his constituency, stating that the abrogation of the Australian treaty would mean serious losses. The salmon canning trade had been benefited considerably and was likely to secure the

whole Australian trade under the treaty.

## DR. TOLMIE'S POSITION

Mr. Neill expressed the view that Hon. S. F. Tolmie, Conservative, would be handicapped in his reputation for consistency if he voted for the Conservative amendment. He quoted from Dr. Tolmie's speech of last session on the treaty to which Dr. Tolmie said that while there was some good and a lot of bad in the treaty, he thought that as a representative from British Columbia, he must be guided by the requirements of the province from which he came.

It was extremely unjust, Mr. Neill said, that United States eggs should be allowed to enter Canada under a three-cent duty while Canadian eggs paid eight cents a dozen to get into the United States. He favored an increase from eight per cent to sixteen per cent in the Canadian duty on foreign eggs.

He also referred to the "grossly unjust" discrimination in the rates on wheat shipped from the prairies to the British Columbia coast for export and that shipped for domestic use.

MUSIC TRAVEL CLUB TO TOUR  
EUROPE NEXT SUMMERIdeal Itinerary Embraces Visits  
To Chief Musical Centres.

By G. J. D.

Part II

The objects of the formation of the Music Travel Club of New York have already been set forth in Part I of this article in The Times' issue of Monday, February 8. Primarily it had its beginning brought about by the desires of many music students and lovers of music who expressed the wish to visit the historic and musical scenes of Continental Europe and of the British Isles.

Its itinerary, under the most ideal conditions, offers more than the ordinary sightseeing trips so frequently planned and arranged for the traveler. Its programme embraces the very best features of Europe's historic musical life. The homes and haunts of the great composers are visited; the principal opera houses and great halls are seen; the remarkable Munich festival will be attended by the club members, and already stated will be under the direction of Mr. and Mrs. Howard Brockway. Mr. Brockway, himself a noted musician, taking part in the great festival, luncheons and dinners to many of the famous artists, composers, conductors, and directors, will be given by the club, and at times the club will be entertained by "various musical organizations, clubs, and societies and the club too has the official recognition and co-operation of the government of each country visited. Indeed the musical side of the tour is unmatched. Its musical life is full and generous in description, of places visited, and abounds with numerous excursions by motor to the choicest gems, which have some special attractions of their own. Cabin ships are used for crossing the Atlantic, rail travel is first class, as also are river, lake or channel steamers, and good hotels of moderate rate are patronized.

Hans Sachs, is visited on August 15. The next day is spent at Bayreuth, the mecca for many years of all lovers of Wagner's music dramas. Here such renowned conductors as Richter, Motte and Weingartner wielded the baton to the performance of the first performance of "Lohengrin" was given. Liszt's home will be seen, and Goethe's garden. Bach reached his full greatness as an organist in the period of his early residence in Weimar. On August 15 Eisenach, which gave birth to Johann Sebastian Bach, is next visited. An excursion will then be made to the Wartburg, where the second act of "Tannhauser" is laid. The next two days will be spent at Frankfurt, always a famous centre of musical culture, and possessing one of the most beautiful opera houses in Europe, and among the green and hilly waters of the Rhine, the setting of Wagner's tetralogy, the unfolding of "Das Rheingold," and noted for its beautiful slopes, covered with vineyards, nestling many a sparkling village or an ancient city, enchanting, fascinating, Cologne and Bonn follow in the former of which visits will be made to the famous cathedral, to Hansa Hall, etc., and in the latter (Bonn) on the Rhine was the birthplace of Beethoven. In the museum will be seen the great master's piano, his quartet instruments, his ear trumpet, and his garret room in which he was born, being still preserved unaltered. In these very streets Beethoven played as a boy, and in the orchestra pit of the New National Theatre was seated one of his players during the period of his saddest circumstances. Brussels is reached on August 20, one of the most magnificent cities of Europe. The day after the club will enter Amsterdam, where a comprehensive tour is planned of this richest of Dutch cities. Excursions will here be made to the quaint country of the dykes, the windmills and on the Zuyder Zee. On August 22 The Hague is reached, and here, too, the principal "rights" will be visited. One of the excursions will be taken to Scheveningen, one of the gayest of bathing resorts. Turning homeward, the club will visit London, remaining in the world's metropolis for four days. So stupendous is its size and imperial significance that the visitor becomes over-awed in imagination. He is apt to forget that this big city has a musical history of great age and vast dignity. To-day and for many a long year past it has been the mecca for all musicians. It was the home of Handel, one of the transcendent geniuses of all time. He lies buried in Westminster Abbey, in the "musician's aisle," where also repose the remains of Henry Purcell and many others of Britain's illustrious composers. London has always extended a gracious welcome, and an enthusiastic sympathy to those musicians who have visited its confines. Its musical shrines are too numerous to even mention in so brief a space. Its associations and memories crowd the mind, and justice to all these can only be done by a personal visit to its multitudinous, beloved and historic landmarks of civilization. Leaving London on August 28, a visit is made to Liverpool, the great shipping port of the world, where after a sightseeing tour is continued for four or five days, the club will embark on one of the Canadian Pacific's splendid liners for Quebec, arriving there

Head of Late F. Villa  
Being Sent to Chicago

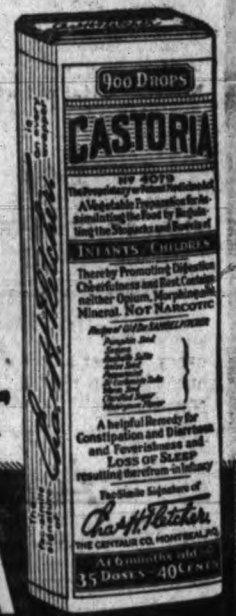

Chicago, Feb. 12.—Dr. Orlando F. Scott, well known Chicago brain specialist, said last night he expected the head of Francisco Villa would arrive here within a few days. The Grafico of Mexico City yesterday said the grave of the late bandit chief at Parral, Chihuahua, Mexico, had been opened and the head taken, the operation being financed by "an eccentric Chicago millionaire."

Dr. Scott said the head would be examined from a pathological standpoint by experts from universities and hospitals.

## THIEVES STRIP CITY GARDENS

Rockland Avenue Homes  
Victimized in Systematic  
Manner

Acts of petty pilage amounting in the aggregate to a considerable loss have aroused owners of Rockland Avenue residences to a request for police protection from a form of theft which shows signs of daring and persistent operation.

One prominent Rockland Avenue owner to-day reported that his flower beds had been raked over four times in the last few days, each time choice plants and bulbs being routed out of the ground and carted away in wholesale lots.

That someone acquainted with covers and their market value in conducting the raids is the opinion expressed by the owners of the gardens. In many cases special varieties of imported plants have been carefully selected by the thief for removal.

Though the value of the plants taken is not inconsiderable in itself, in many cases the loss is the more felt in regard to the spoliation of gardens to which considerable time and care had been given by their owners.

At one Rockland Avenue home a thief specialized in wallflowers, taking care to lift only such plants as would be capable of recovering their growth when replanted.

### STRIKE IN U.S. ANTHRACITE FIELD SETTLED

(Continued from page 1)

"The settlement is satisfactory and constructive. It assures stability and continuous operation for a five-year period, which is the longest agreement ever made in the coal industry of the United States."

"It does not contain the principle of arbitration, for which the operators have been contending, but it does provide machinery for the exercise of reason in the industry."

"The agreement between the board of conciliation is given broad powers as a stabilizing agency and is instructed to work out a reciprocal programme of co-operation and efficiency which will result in a greater degree of confidence and harmony between the operators and miners."

The miners' strike since September 1 last total about 158,000.

### PRETTY CHINESE GIRL FIGHTS TO STAY IN CANADA

(Continued from page 1)

curacy of a shorthand note taken of previous proceedings had been made by the stenographer taking the note. Two brothers were strenuously fighting to keep their sister in Victoria, reading of extracts from examinations showed.

"On thinking it over I think I should hear the three witnesses," said Mr. Justice Murphy. "This girl claims she was born in Victoria. It seems to me I was in error in saying I should not hear them. It would be a flagrant injustice to deport this girl if she were born in Victoria. It transpired, however, the witnesses had no evidence to offer on the girl's birthplace, but could only speak upon the point of identification in so far as it concerned the release of the girl in July, when she landed in Victoria from China. She was afterwards reclaimed by the immigration authorities for deportation."

The Chinese Immigration Act did not call for signed affidavits, Mr. Jackson argued. The controller, Immigration Officer S. M. Reid, acted in accordance with the act in his examinations of persons who could give information in the case. Mr. Reid, he argued, was justified, in conferring with Stephen Jones and Mrs. Dunsmuir, who knew the brothers of the girl after the legal battle had started without counsel for the other side being present.

The girl at this time was out on \$1,000 bond pending the decision of Mr. Reid as controller. Mr. Jackson declared with emphasis that an appeal to the Minister of Immigration on behalf of the girl had been dropped. Judgment was reserved.

### FRUIT TRIAL IN VANCOUVER TOO SLOW, SAYS JUDGE

(Continued from page 1)

Rhubarb Association, was a witness. He stated the association had been formed to market rhubarb in carload lots, because the growers found shipping by express did not pay. He explained the association in 1924 had arranged to market through the Mutual (Vancouver) Limited, but commission and prices had not been determined, with the exception that the Mutual had notified the growers that it would require five cents a box for distribution on the prairies.

"ACCOUNTANTS AT WORK"  
Mr. McKinnon stated he could not offer at this juncture any more witnesses. He said that before doing so he must have some of the documentary evidence straightened out by accountants.

"I think that if in the year and a half the crown has been working on this the accountants have not been able to finish it, they won't in all eternity," said the judge.

"But these are the documents that have just come into our possession, and we have not had time to go over them," said Mr. McKinnon. "I only had an opportunity to look them over last night."

"They're the documents from Minneapolis they seized at the customs," interjected McLeod Sinclair, K.C., "and we want to see them. They're vital to our case, and we want to have the opportunity of going over them."

### ADJOURNMENT GIVEN

After further argument Mr. Justice McDonald ordered the prosecution to supply the defence with par-

ticulars of the matters that were to be introduced by different witnesses, and, although loath to do so, the judge ordered an adjournment until Monday morning in order to permit examination of the documents.

## NO IMPOST ON PAINTING UP

Increased Tax Bills Not Due  
to Cleaning up, Says City  
Assessor

A ruling from the city assessor on the question of property valuation and painting is being prepared to-day for presentation to the City Council on Monday next. William Scowcroft, city assessor, it is understood, will inform the council that the actual painting or repainting of premises leads to no appreciation in value in the eyes of the assessor's department.

On the other hand, painting is very often the final act to additional construction, and the tax increases are due in fact to the additions—not the painting it is stated. This has led some to the belief that the fact of repainting a house might send its taxes up, but that is firmly denied by the city officials.

The city assessor challenges anyone to point to a single instance where painting has led to an appreciation of property as a direct cause of the increase in taxation.

The ruling sought by the council came as a consequence of a request from the Brotherhood of Painters and Decorators of America, who affirmed that the public rested under a misapprehension in regard to painting and its effect on taxes.

Last year, it will be recalled, Mayor Fendray made a direct pledge that the "Clean Up Paint Up" campaign would not be followed by any penalization in tax assessments. Now the assessor's official ruling on the point is sought, and his report will be laid before the council on Monday.

### BUSINESS MEN SAY SMUGGLING GROWING

(Continued from page 1)

Examination of officials of the Customs Department took up the case of the foreigner.

### DOCUMENTS NOT READ

Ottawa, Feb. 12.—Staff records of several Customs officials were produced at to-day's sitting of the House of Commons committee which is investigating the conduct of the Customs Department.

There was a difference of opinion among members of the committee over the reading of these records. Dugald Donaghy, Liberal, North Vancouver, wanted the records read. Several other committee members thought the reading was taking up too much time.

Hon. R. B. Bennett, Conservative, West Calgary, moved that reading be dispensed with.

"This is not a reading circle," he said.

**POSITION OF MINISTER**  
Hon. G. H. Boulton, Minister of Customs, rose to make a statement.

"This business of the Minister bobbing up every few minutes is getting tiresome," said Mr. Bennett, adding that it was an impertinence for the Minister to tell the committee what it should do. Where was the counsel for the Customs Department?

Mr. Boulton said he was absent for the moment and there was a standing order that the Minister should be allowed to speak for his department in the absence of counsel.

Mr. Bennett said the counsel (Almeo Geoffrion, K.C.) was not far away. His cigar was still alight on his table.

### RECORDS NEEDED

Hon. H. H. Stevens, Conservative, Vancouver Centre, also took exception to Mr. Boulton entering into discussions with the committee.

Mr. Donaghy and J. C. Elliott, Liberal, West Middlesex, Ontario, took the Minister's part and finally Mr. Boulton got the floor.

Mr. Boulton said he merely wished to suggest that the staff records of men whose conduct was under examination should be read to the committee. Copies might be made.

There was a long discussion it was decided to dispense with reading of the documents at present.

**BISAILLON'S RECORD**  
The record of J. E. Bisailon was the only one read. It showed the former inspector in the Montreal district had entered the service in 1910 and been dismissed at the end of 1922, at which time his salary had reached about \$2,000 a year.

Hon. H. H. Stevens asked R. R. Farrow, Deputy Minister of Customs, when the Minister's part occurred to cause the dismissal of Mr. Bisailon on December 11, 1922.

Mr. Farrow said he was absent through illness at the time and he did not know just what was the reason.

**OBJECTIONS TO COPIES**  
Mr. Stevens questioned Mr. Farrow regarding automobiles stolen in the United States and smuggled into Canada. He was proceeding to read from copies of correspondence which he said had passed between the Customs officials and the Minister of Customs.

Mr. Donaghy asked if this was the original correspondence. Mr. Stevens said it was some copies he had obtained and he was asking Mr. Farrow to produce the originals. There was immediately strenuous objection from Mr. Donaghy and Mr. Elliott that Mr. Stevens had no right to put in evidence copies of letters which had not been authenticated. The Deputy Minister should produce the originals and that would be time enough to read them.

Mr. Stevens said he was afraid the originals of these interesting records might be "in those nine cases of correspondence" which had been sent to the private custody of the retiring Minister of Customs (Hon. Jacques Bureau).

Mr. Elliott objected to the remark. Hon. R. B. Bennett, Conservative, West Calgary, said the objection to the reading of unauthenticated copies of documents was weakened. They should not be placed in evidence. Mr. Stevens then agreed to desist from reading and merely enumerated to the Deputy Minister the various files he wanted produced.

One record he asked for was that of an alleged voluntary abandonment of seizure of smuggled goods for a consideration of \$200.

Mr. Farrow said he did not recall it. It was probably excused and if so he would not know anything about it. It would come under the Excise branch.

## A GREAT EVENT

OF VERY MUCH MORE IMPORTANCE than the speeches of either Premier Mussolini or Herr Stresemann is the fact that Germany's application for membership in the League of Nations was officially before the council of that body to-day and a decision reached to act upon it on March 8.

This is the final official move by Germany towards her complete reinstatement on an equal footing in the councils of more than fifty nations. It is safe to predict unanimous acceptance and a warm reception for her delegates on their first appearance at a gathering of the League assembly. As soon as it has taken place the end will have been written to the deliberations which began at Locarno and resulted in the London agreement. All the subscribers will then be members of the League and subject to its decrees under the pact in case its provisions should have to be invoked.

It is interesting to recall at this time that the actual originator of the post-war conference idea which led to the complete reconciliation of Germany and her former enemies at Locarno was none other than the man who promised the people of Great Britain in 1918 that nothing less than the ex-Kaiser's public arraignment in London and the thorough humiliation of Germany in every sense of the term would satisfy him. That man was Mr. Lloyd George. Those were the days, of course, when the sores of the war were gaping wide and the minds of men comprehended little besides the carnage of the previous four years.

But time is a great healer. Like many others, Mr. Lloyd George quickly developed a less hostile point of view and every movement tending to keep alive the passions of war soon found in him a belligerent opponent. National and international morality claimed him again and pointed a way to modify the arbitrary engagements entered into in an atmosphere of hostility and suspicion. Cooler heads prevailed and much of the suspicion disappeared. But it was some time before Mr. Lloyd George could persuade his critics—many of whom often reminded him of his election declarations in 1918—that the round-table discussion would eventually lead to better feelings between the nations involved.

Yet each conference accomplished a little. Locarno is the end of the first chapter. Many other conferences will have to take place before the world can feel sure that lasting peace is actually attainable. But the idea has come to stay and the old style of diplomacy is done with. Here lies the hope of humanity.

## THE HANDS OF ESAU

THERE ARE SEVERAL POINTS OF RESEMBLANCE between the candidature of Capt. Burgess, the young man who is opposing Premier King in Prince Albert, and Mr. Patenaude, the rising hope of the very few stern and unbending Tories of Quebec in the last general election. Mr. Patenaude, it will be recalled, declared that he was "as free of Meighen as he was of King." Capt. Burgess says he is free of all parties, and that the time is ripe for the appearance in Parliament of a real simon-pure independent. Mr. Meighen and his English-speaking colleagues kept out of Quebec in the Patenaude contest. They are keeping out of Prince Albert, but a Conservative, member from the Ontario Legislature has gone to speak for Capt. Burgess, not because of any party considerations, of course, but because the "independent" candidate and the Ontario member happen to be old friends. It is only a coincidence that the Ontario member is a Conservative.

Again, Mr. Patenaude was supplied with campaign funds in the general election out of the bulging Conservative party chest. Capt. Burgess is being financed by the Conservative Party by way of Vancouver. It never would do to send funds to him direct from headquarters in the East, because somebody might find it out, and that would spoil the whole game. The captain would not get any independent votes. After February 15 the analogy between Captain Burgess may be carried further. Patenaude was snowed under last October.

All this stage play—the declaration from Conservative headquarters at Ottawa that Premier King would not be opposed in Prince Albert, the declaration of the Conservatives at Prince Albert that they would not put up a candidate, and the candidature of Captain Burgess as an "independent" initiated by the Conservative organization which is financing and otherwise supporting him—is very transparent. It is also extremely childish. The Conservative Party of Canada ought to be big enough to do one of two things. It should either not contest the constituency at all, or it should let its candidate carry his party's colors. Because the party is not strong in Prince Albert is no reason why it should try to camouflage itself in gaudy colors or hide behind an alias.

## OUR SALMON PACK

IT IS GOOD TO LEARN THAT LAST year's salmon pack was the second largest in the history of the industry in this Province. No less than 1,719,282 cases were turned out by the canners of British Columbia in 1925 as against the slightly larger output of 1,745,313 cases in the previous year.

The only fly in the ointment is the fact that the aristocrat of this fishy tribe is compelled to take third place in point of production. Only 392,513 cases of sockeye could be put up last year—a different story from that of 1913 when the Fraser gave up 719,796 cases of this choice variety.

This once more emphasizes the necessity of restoring the sockeye run to its former proportions in order that benefit from that as well as from the development of the cheaper varieties might accrue to the Province. If Canada could get better co-operation from United States interests, this would be assured.

## THIS WOULD SETTLE IT

MANY PEOPLE HAVE SAID OF LATE years that if the men responsible for making war were compelled to fight it out between themselves, international slaughter would soon become a lost "art." But this is by no means a new theory. This extract from The Worcester Herald of January 31, 1826, will show what was running through men's minds one hundred and twenty-five years ago:

The most curious piece of intelligence by the Hamburg mail is the following article from the Petersburg Court Gazette of December 30: "It is said that His Majesty, the Emperor, seeing that the Powers of Europe cannot agree, and wishing to terminate a war which has raged eleven years, intends to propose a place, where he will invite all other Potentates to fight with him in barriers closed up; for which purpose they are to bring with them their most enlightened Ministers, and most skillful Generals, as scribes, umpires, and heralds."

According to some private letters from Russia, of January 2, received at Hamburg, the Emperor himself, who was intoxicated, ordered the insertion of the above-mentioned paragraph in The Gazette by way of a Christmas frolic!

It is said by some cynics that the real character of a man often comes out when he has looked too long upon wine too red. This dictum might be applied in this case, with the qualifying speculation that the Emperor may not have been as far under the weather as the "private letters" referred to say he was. At any rate his idea has certain attractive possibilities.

## FEEBLE MR. ESLING

IN HIS SPEECH IN THE HOUSE OF Commons yesterday Mr. W. K. Esling, Conservative from West Kootenay, said that the Government had advertised in Britain for immigrants, and had guaranteed them five years' employment, while there were returned men in Canada who would be glad of five days' employment in a month.

The Vancouver Daily Province's correspondent at Ottawa says that very little public business is being attended to in the House of Commons and that newspaper wants to know if the country should not be getting something better for its money. Our contemporary's inquiry is very much to the point when the tactics of the party which it supported in the general election are considered. Mr. Esling's contribution to the debate on the Conservative amendment will no doubt induce The Province to put the question even more forcibly. At any rate the country must feel annoyed at the manner in which the followers of Mr. Meighen are doing their best to wreck a trade arrangement which has been hailed with so much satisfaction. We ought to be getting something more and something better for our money.

How does Mr. Esling expect the country to provide employment until its population grows sufficiently to create a demand for the goods in the manufacture or production of which men and women work and receive wages for their labor?

NEW DEVELOPMENTS  
WILL BE EVIDENT WEST

Unanimity of Opinion That Year Will be One of Progress  
Increased Business of Last Few Months Justifies Optimism

Increased business during the last few months has justified the opinion that this year in the West will be a year of progress. There is very apparent unanimity on this point, which is supported by inquiries made from wholesale and retail houses, says John Sweeting, industrial agent of the Canadian Pacific Railway in his monthly report, a copy of which has been forwarded to the Victoria Chamber of Commerce.

Recent inquiries made through wholesale and retail houses readily show that good business has been done, and the confident tone in expectation of a continuation is the keynote of all reports, he says. "It is satisfactory to be able to state that there is justification for such an attitude both as to increased business during the past few months, as well as in relation to the outlook for a year's advancement. Undoubtedly progress in relation to construction work actually carried over from last season, but in connection with this preliminary work was started, the important feature is that it is anticipated that the season's work that is to be carried on, while proposed new works, as yet not sufficiently specific to speak of, are of sufficient interest to foretell the probability of large scale undertakings."

## READY PAYER

The financial situation in the West is remarkable for the celebrity with which, in a period of two years, it has jumped from a doubtful payer to a ready payer. Money is apparently coming into the West in such volume as to fore-shadow possibilities of creating difficulty in reinvestment. The uncertainty in the West to clear off back accounts, and individuals in a position to do so, are paying. It looks, too, as if the agricultural section of the West will spend a good deal of money in replenishing their stocks of farm implements, as well as in carrying out improvements in their pastures and making some considerable investments in cattle, sheep and hogs.

Health and  
DiseaseMALNUTRITION IN CHILDREN  
OF SCHOOL AGE

The malnourished child is a sick child and should be so considered. The signs and symptoms of this condition are many, but point mostly to fatigue.

The child is underweight for his height. He requires so many pounds of flesh to keep his body structure erect. As he does not possess this his body curves are accentuated. He is stooped, round-shouldered; his abdomen is prominent; he lacks tone. This fatigued attitude is noticeable also in his nervous system. He is irritable, peevish and inattentive. He tires readily because he lacks physical and mental endurance. There is, in the general picture, a lack of the glow of health.

Any child who fails to gain over a period of months should be given a complete physical examination to find out the cause and rectify it. It has been found that families that bear little or no art in malnutrition. Diseased tonsils, adenoids and teeth are the main physical defects which bring about this condition. The home is the battleground on which this matter of vital concern to thousands of young Canadians must be fought out. Let the parents co-operate in this endeavor to bring up happy and healthy normal children. To build up the children is to build up Canada, our country.

Q. Who is Bliss Carman?  
A. Bliss Carman is one of the recognized poets of Canada, although he has spent many years in the United States. He was born in Fredericton, N.B., in 1861, and most of the subjects of his poems are Canadian. His first book of poems was entitled "Low Tide on Grand Pre," issued in 1893.

Saskatchewan Boy  
Carried Liquor Home

Regina, Feb. 12.—Describing it as one of the evils brought about by the Saskatchewan Liquor Act, Rev. W. H. Colter of Rocanville, a delegate to the Saskatchewan Prohibition League convention, stated at a session yesterday that one member of the Boys Parliament that met here last December had taken home liquor to his constituency and others had procured it while in the city.

He told the assembly he had made exhaustive inquiries to prove the fact. He declared there was no doubt the matter was true, stating he had taken up the matter with the school board in his district and proved the case to the hilt.

Another delegate described city orchestras visiting country towns for the purpose of playing at dances as "bootlegging concerns." He accused them of selling hard liquor to the dance patrons who assembled from miles around.

\$1,000 LIQUOR  
FINE IMPOSED

Prince Rupert, Feb. 12.—The Consolidated Exporters' Corporation yesterday afternoon was fined \$1,000 by Magistrate McDermott in police court here on conviction of falsifying accounts in connection with a shipment of liquor to the United States fishing boat Heleland. A further charge against the company in connection with the sale of liquor to fishing boats remained to be heard.

C. E. Nixon, Involved in Automobile Affair, to be Sentenced by Magistrate

Vancouver, Feb. 12.—Sentence was reserved until Monday next when Charles E. Nixon appeared before Magistrate H. C. Shaw in police court yesterday and pleaded guilty to a charge of attempting to obtain \$225 by false pretences.

Nixon, according to the police, drove his automobile to Hope, B.C., and then returned to Vancouver and reported the car stolen, turning over the license plates to the authorities as having been left by the thieves. He is said to have attempted to obtain the theft insurance.

DANGER OF BRITISH  
COAL STRIKE PASSES

London, Feb. 12.—The Westminster Gazette asserts such a remarkable change for the better has occurred in the coal situation in Great Britain that those best qualified among both the owners and miners think the likelihood of a rupture is now remote. The chief cause of the change is the fact that the forecasts of the Royal Commission's report indicate the demand of miners and owners, and will make recommendations which both sides will find it possible to discuss.

Closed Season on  
Hunting of Bears

Toronto, Feb. 12.—The Ontario Hunters' Fishing and Game Protective Association at its annual meeting here last night passed a resolution asking the Ontario Government to put a closed season on bear hunting. A. F. Cooper of Toronto, who introduced the resolution, branded stories of attacks by bears as 99.9 per cent "bunk." He asserted a bear would not harm any one and would quickly disappear if encountered in the woods.

Bigelow Likened Wells to Stockbroker; British Writer Called Him Bore

New York, Feb. 12.—The exchange of personalities between Poulitney Bigelow, lecturer and author of the United States, and H. G. Wells, the British author, took a new turn yesterday with the announcement by Mr. Bigelow that he was starting suit in London against his adversary for \$50,000 damages for slander.

In his recent book, "Prosperous Summer," Mr. Bigelow likened the British novelist to a "prosperous stockbroker."

Mr. Wells replied with vigorous article in a London paper. "He called me a bore," Mr. Bigelow said to-day. "How am I going to make a living as an after-dinner speaker if I am slandered by being called a bore? He lost his temper and he has got to apologize."

## BEDTIME STORY

## Uncle Wiggily's Hard Kick

Copyright, 1926, by McClure Newspaper Syndicate

(By Howard R. Garis)

"Ha! Ha! Ha! laughed the Fussy Fox.

"Ho! Ho! Ho! laughed the Bob Cat with his silly little tail.

"Te-hee! Te-hee! Te-hee!" chuckled the sly Weasel.

They were all making fun of the Woolly Wolf, who sat in the door of his den looking very disappointed.

"You were fooled by the old ugly stump," said the Fox.

"You thought, because Uncle Wiggily put a hat on the ugly stump and a pair of boots, in front of that stump was a live hobgoblin and you ran away from it," sneered the Bob Cat.

"So would you!" snapped back the Wolf. "I admit that Uncle Wiggily fooled me, making the ugly stump look as if it were alive. But I am going to catch him to-day."

"How?" asked the Fox.

"The snow is very deep," went on the Wolf. "Uncle Wiggily will soon be going out to look for adventures as he always does. I will hide near his bungalow and watch for him to come out. And when he does, I will chase him and catch him because that rabbit cannot run as fast in the deep snow as I can. You laugh at me now, but I will laugh at you when I have a fine rabbit supper! Bah! go away and leave me!"

So the other animals, who also had, in their turn, been fooled by the smart rabbit gentleman, went off, leaving the Wolf in his den. Soon

"Oh my! What has happened," cried the Wolf.

the bad chap, rubbing his hungry white teeth with his red tongue, slipped quietly out and loped away across the snow toward the hollow stump bungalow where Mr. Longears lived.

"Tra, la, la, tra, la, la!" sang Uncle Wiggily as he hopped out a little later to go to the store for Nurse Jane Fussy. He was to buy a pound of sugar. "Oh, I am so happy! Spring will soon be here and it will soon be Valentine's Day!"

"You won't sling that way much longer!" growled the Wolf deep down in his throat, as he watched the rabbit from behind a bush where the bad chap was hiding. Then the Wolf began to chase the rabbit across the deep snow. It wasn't long before Uncle Wiggily looking back, knew that some hungry animal was pursuing him.

"It's the Woolly Wolf whom I fooled yesterday with the ugly stump," said the rabbit to himself. "I can quickly run away from him!" But this was easier said than done. Run as Uncle Wiggily did, the Wolf kept close after him. Soon he was very near.

"I must do some kicking," thought Mr. Longears. "I must kick some way in the Wolf's eyes so he can't see to chase me!" So Uncle Wiggily, with his strong hind feet, kicked up a cloud of snow. This blinded the chasing Wolf for a little while. But when the snow settled the bad chap came on faster than before.

"I must kick harder next time," thought Uncle Wiggily. And when the Wolf was close to him once more, the rabbit kicked up more snow. This blinded the bad chap for a time, but when the snow settled he came on

faster than before. Uncle Wiggily was also running like the wind.

"Now I'll get you!" howled the Wolf as he opened his jaws. But Uncle Wiggily turned to one side and began running across a golf field where, in summer, men knocked funny, hard, white rubber balls about with clubs, for the fun of chasing them afterward.

"I must kick the snow with all my might this time," thought the rabbit. And when the Wolf was close enough Uncle Wiggily made his hind feet fly like the wheels of an auto. Up flew a cloud of snow in the Wolf's face. And something else also flew up. The rabbit kicked up off the ground a hard golf ball, which had lain there, lost, all winter.

"Socks!" went the golf ball in a cloud of snow on the Wolf's nose. "Socks! Knecks!"

"Oh, my! What has happened?" cried the Wolf.

"Pun!" shouted the bunny as a golfer does, for the bunny had seen the ball smite the Wolf on his nose.

"Pun!"

"No! No! Not four!" howled the Wolf, not knowing what the bunny meant. "Not four! One is enough! I won't chase you any more. Not four! Not four—my nose is too sore!" and the Wolf slunk back to his den.

"It is a good thing that I kicked very hard!" chuckled the bunny as he hopped on to the store after the pound of sugar. So it all ended well, and if the icicle doesn't fall down off the roof and tickle the snow shovel on its handle, I'll tell you next about Uncle Wiggily's valentine.

## Brentwood

Special to The Times

Brentwood, Feb. 12.—An enjoyable card game took place in the Institute Hall, Brentwood, on Tuesday evening, when twenty-eight members of the Bamberion Social Club challenged an equal number of players from Brentwood to a military five-hundred tournament. The visitors carried off the honors for the evening, the total score being: Bamberion 146, Brentwood 124. The winners of the first prize, with twenty-five discs were Mrs. Baker, Major Skinner, M. Powell and H. Sweeney. Three tables tied for second prize with twenty-two discs, those winning on the cut were Mrs. E. Walker, Mrs. Skinner, Mr. Sapp and D. Stewart. Refreshments were served at the close of the game, after which a dance was held, the music being kindly supplied by Miss Ruth Stewart. Among those that played for Bamberion were: Major and Mrs. Skinner, Mr. and Mrs. Baker, Mr. and Mrs. Barlow, Mrs. F. Walker, Mrs. Campbell, Mrs. Truce, Mrs. Savage, Miss Anderson, Messrs. H. Sweeney, H. Lussie, F. Rees, J. and D. Stewart, F. Tomlinson, M. Powell, F. Bull, H. Ellis and Mr. Sarup. Those playing for Brentwood were: Mr. and Mrs. R. Freeman, Mr. and Mrs. Guy, Mr. and Mrs. Osborne, Mr. and Mrs. L. Thomson, Mr. and Mrs. Wallace, Mrs. W. Wall, Mrs. Petch, Mrs. Kelley, Mrs. H. Creed, Mrs. Peden, Mrs. Smith, Mrs. Haddon, Miss Hagan, the Misses Edna Butler, Gladys Guy, Hilda and Phyllis Maher, Messrs. F. Richardson, H. Parker, C. Hammond, A. Hydes and Councillor Hagan and Father Scheelan.

The Misses Ruth and Tot Tomlinson entertained at a bonfire party on their farm on Tomlinson Street on Monday evening. The guests being Misses Margaret McCleave, Daphne Clarke, Florence Woodward, Roberta Slaggett and Messrs. W. and P. Turgoose, C. Buller, H. and E. Lussie, R. and P. Hume and W. Brooks.

As a result of the masquerade held on January 26 at the Institute Hall, Brentwood, the sum of \$90 has been forwarded to the Mill Bay Solarium fund.

The Anglican Church service will be held on Sunday next at the Institute Hall, Brentwood, at 3 p.m.

## BASKETBALL AND DANCE AT SOOKE

Sooke, Feb. 11.—On Saturday evening, February 12, there will be a basketball game followed by a dance, at Charles's Hall, commencing at 8 o'clock. In the basketball game the Sooke "B" team meets the C.P.S. "B" team. These teams met some weeks ago, the "C" division of the city basketball league at the Armory when the lumbermen were victorious by the narrow margin of one point. The Sooke boys believe that when they meet the C.P.S. in their own stronghold, they will send them home at the short end of the score. The Sooke Women's Institute are managing the whole affair, and they promise several novelty events. The entire proceeds are going to the benefit of an old institute member, who has been ill in the hospital for some time. The Sooke four-piece orchestra are very kindly offering their valuable services free of charge. The ladies promise an unusually fine supper.

## FALSE ALARM

Toronto, Feb. 12.—A disturbance that might have had serious results started Rosedale, a fashionable suburb of Toronto, early to-day. It was ended with the arrival of a squad of police. A woman resident mistook her maid and a man friend, arriving home late, for burglars, and called a relative, who arrived with drawn revolver and promptly commenced shooting in the air to frighten the "intruders."

## SOCIAL WOMEN'S AFFAIRS AND NEWS

### SYNOD AGAIN DEFERS ACTION ON ADMISSION OF WOMEN

Yesterday's Meeting Divided on Questions of Health Certificates Before Marriage and Recognition of Women as Members.

Lengthy discussion waged around two controversial questions at the session of the Synod yesterday afternoon, the first being the matter of health certificates before marriage, and the second that of the admission of women to the Synod. As it was evident that both questions had strong protagonists and opponents, it was deemed wiser to defer them until next year, with interim consideration by committees who will again report at the next session of the Synod.

#### MARRIAGE AND HEALTH

The first resolution was worded: "In view of the problem of mental deficiency, and further, in view of the association of diseases, especially the 'social diseases,' and marriage; therefore, be it resolved, (1) that in the opinion of this Synod, legislation should be passed requiring a health certificate from intending partners before marriage; (2) that copies of this resolution be sent to the Medical Association with a request for their support and co-operation, and to the Provincial Board of Health, as a step in preventive measures."

Rev. H. T. Archbold introduced the resolution and he spoke of the results of marriage between mental defective and sufferers from the social diseases, the products of which were to be seen in the overcrowded wards at Essondale and other asylums.

Personally he did not believe that it was any part of a clergyman's duty to ask if contracting parties to a marriage were physically fit or otherwise, but he did think that the

#### MEDICAL MAN'S VIEWS

Dr. A. G. Price recalled that it was forty years since he had commenced his work in the "stump" in the Old Country. In that work he came in close contact with the people living under those conditions, and saw the terrible results caused by the procreation by mentally degenerate parents of degenerate children.

In a number of states in the U.S. laws tending to eugenic laws had been in force for some time. In Wisconsin the man contemplating marriage was required to produce a certificate of health; but the system had not proved infallible. Certificates had been granted with much laxity by certain members of the medical profession, thus defeating the object of the legislation in accord with the principle of eugenic marriages, and in full sympathy with

### ZERO FIRE BELL TO RING AT FIREMEN'S BALL TO-NIGHT

Novel Features Arranged for Annual Ball of City Fire Fighters; Lieutenant-Governor a Patron.

The big bell familiarly known to the firemen as "Zero" will be a prominent feature of the decorations at the annual ball which the members of the Victoria Fire Department will hold this evening at the Empress Hotel.

The firemen have always been popular hosts and there is every indication that they will exceed themselves this evening, while the demand for tickets has been so heavy that a bumper crowd is assured. Among the patrons will be His Honor the Lieutenant-Governor and Mrs. Nichol, the Premier and members of the Cabinet, the Mayor and Mrs. Pendray and the fire wardens. There will also be a number of guests from outside stations.

Hunt's fourteen-piece orchestra will play the latest dance hits for the pleasure of discriminating dancers, and an especially delicious supper is to be served at 10.30. The committee in charge of the affair have been working enthusiastically for the success of the affair, which is assured in advance.

Valentine Tea—St. John's Guild will hold a Valentine tea and sale of homemade candy, on Saturday, February 13, at the home of Mrs. James Simcoe, 628 Simcoe Street. A short programme of vocal and instrumental numbers has been arranged.

Equimait Conservative Party—The Equimait Conservative Association will hold a whist drive in the Equimait Club on Friday evening. The game will start at 8.30. Six good prizes will be given and refreshments will be served by the committee.

### Women Thank

Science for this new hygienic pad that discards easily as tissue—no laundry

THERE is now an exquisite successor to the old-time "sanitary pad." A new way that offers far greater protection. A way that ends the old problem of disposal.

Eight in 10 better-class women now use "KOTEX."

Discards as easily as a piece of tissue. No laundry. No embarrassment.

Five times as absorbent as ordinary cotton pads.

Deodorizes, thus ending ALL danger of offending.

Obtainable at all drug and department stores simply by saying "KOTEX." You ask for it without hesitancy.

Package of 12 costs only a few cents. Proves old ways a needless risk. In fairness to yourself, try it.

### YOUR BABY AND MINE

BY MYRTLE MEYER ELDRD

Each that the digestive juices have had no time to act upon it. This type of vomiting therefore does the baby no harm, other than wasting his bile for him, but the mother should feed a smaller quantity or refrain from handling the child after he has been fed.

TO MUCH CREAM OR SUGAR  
If the formula contains too much sugar the baby is very likely to vomit after being fed; usually some time after feeding. The fluid spit up will most often be watery and have a very sour odor. The remedy, of course, is to cut down the amount of sugar in the formula, or try some other form of sugar, as for instance, if one is using cane sugar, change to malt, or corn syrup, or possibly milk sugar, if advised by a physician.

If the formula is too rich in cream and the baby vomits, this same sour fluid may be flecked with particles which look thick and yet transparent. Or it may be just a lot of acid milk. If the baby is given boiled water, one to two tablespoons before being fed, or the milk used has some of its cream taken off, this condition will be helped.

Babies fed on very rich milks, such as Jersey or Guernsey, may be chronic vomiters because of the fat. The remedy is to use a milk of a less fatty content. For the nursing baby, give the water before nursing; increase the intervals between nursing from three hours to four hours apart, and the mother should take more

REGURGITATION  
When the baby has taken more food than its stomach can possibly hold; or if it is moved about directly after being fed, it is sure to spit its mouth and allow a thick, milky substance to run out, which has as sweet an odor as when swallowed. The milk has remained so short a time in the baby's stom-

ach that the digestive juices have had no time to act upon it. This type of vomiting therefore does the baby no harm, other than wasting his bile for him, but the mother should feed a smaller quantity or refrain from handling the child after he has been fed.

exercise and eat less rich and fatty foods.

Sometimes the child finds it impossible to digest the thick, tough curd of cow's milk. If boiling the milk does not help, this type of vomiting, which is characterized by the spitting up of thick chunks of regulation cheese, an hour or more after eating, the mother will have to entirely rearrange her formula; using less milk, or some thick gruels mixed with the milk, or perhaps some digestant such as lactic acid, to help.

PROJECTILE  
There is a type of vomiting characterized by a vomit which comes with so much force that it is as if the baby's stomach were a hose. In this type of vomiting, the baby has a congenital defect. The opening leading from the stomach into the intestine is so small that the food cannot readily pass through. So the food churns around and around in the stomach and is finally ejected with great force. The baby, retching so little food, gradually starves to death, unless an operation is performed to enlarge the opening, or by the feeding of thick foods, gradually forcing an increase in its size. Such babies are always hungry, always constipated, and yet can't keep down a thing they eat. They need medical attention always.

CHRONIC  
For various reasons the stomach may learn the trick of vomiting, the muscles reacting to force out food when in a liquid state. For such children the best help is to feed thick foods, such as thick cereal gruels, mixed with powdered milk. They seem able to retain these thick foods when nothing else will stay down. It is well for chronic vomiters, when little else seems to be the trouble, to try the thicker foods. They may work like a charm.

## NEWS IN BRIEF

A meeting of Ward Two Conservatives will be held in the Conservative Rooms, Campbell Building to-night at 8 o'clock.

The Valentine social which the Craigflower Parent-Teacher Association was to have held this evening has been postponed until a later date.

The regular monthly meeting of the district members of the B.C. Goat Breeders' Association will be held in the Y.M.C.A. on Monday, February 15, at 8 p.m.

The Victoria West team for tomorrow will be as follows: Whyte, Dunn and Woolsey; Passmore, Thomas and Popham; Sherrett, Mulcahy, Feden, Wright and Butler.

The first of the conventions secured by this city for 1927 is that of the North Pacific Fairs Association which met in Vancouver this week and set its next annual meeting for Victoria.

The members of the Post No. 1 Native Sons of British Columbia will hold their next meeting on Thursday, February 18, at 8 o'clock in the Victoria Club Rooms, Campbell Building.

J. L. Bookwith was cordially welcomed back by directors of the Chamber of Commerce to-day when he again took his seat on the board after an absence of several weeks in California.

The regular monthly business meeting of the central W.C.T.U. was held yesterday afternoon in the Y.W.C.A. The president, Mrs. A. E. Mitchell was in the chair and the usual routine business was conducted. Plans for new work were discussed.

The fortnightly luncheon of the United Commercial Travelers was held in Spencer's lunch room to-day. The group of travelers present were entertained with a series of short stories by George Ingledew. Thomas Angus acted as chairman.

A lengthy communication from John Dean favoring a city manager plan and advocating that the opinion of Victoria citizens be sounded through petitions was read at the meeting of the directors of the Victoria Chamber of Commerce to-day.

Before the Tourist Trade Group of the Chamber of Commerce to-day, P. Landsberg urged that body to support his plan of organizing the city's musicians to give Victoria better and more regular out-of-door concerts during the summer. "Play some music," urged Mr. Landsberg, "and it will keep up the spirits of citizens. You will notice a remarkable change if these band concerts are encouraged." The group decided to give him its support. Summer concerts were popular in a tourist city and could not be too strongly recommended. The group passed the resolution supporting Mr. Landsberg's scheme.

## STRAITHCONA PARK RICH IN TIMBER

Veteran Timber Cruiser Advocates Government Purchase of Big Stand

J. F. Hanna, one of British Columbia's best known and most widely experienced timber cruisers, speaking at the luncheon meeting of the Tourist Trade Group this afternoon, advocated a policy of purchase by the government of valuable timber tracts in the Strathcona Park, Vancouver Island.

"There is one stand of timber near Buttle Lake," said Mr. Hanna to-day, "in which there is 500,000,000 feet of timber, which is personally cruised, and which the owners are now anxious to sell. If we are to take heed of warnings that in thirty years there will be little or no standing timber left in Canada, this 500,000,000 feet would be a good investment."

Mr. Hanna described the majestic scenery, the beautiful surroundings of Buttle Lake and Strathcona Park. It was a paradise for tourists, he said, and deplored the fact that there was not a road into the park. Tourist fishing is the finest in the world there and game is plentiful, he said.

MAJOR WRIGHT, M.C., DIED AT RESIDENCE

There passed away at the family residence, 313 Denison Road, Major Arthur Stanley Wright, M.C., on Thursday, February 11, at 11 o'clock. He was born in Ottawa forty-three years ago and had been a resident of this city for the past eighteen years. He is survived by his widow, one son and one daughter at home, also his mother in Ottawa. The funeral will take place to-morrow morning, February 12, at 11 o'clock from the Sands Funeral Chapel with full military honors. Rev. P. C. Chapman will officiate. The remains will be forwarded to Ottawa, where interment will be made in the family plot.

There passed away early this morning Mrs. Ethel Jane Berk, wife of Mr. E. Berk, of 1239 Johnson Street, aged fifty-six years. She was born at Eccle, Ayrshire, Scotland, and came to Victoria for the past twenty-eight years. Mrs. Berk is survived by her husband, one daughter, Ellen, one son, Harold, and a brother, Capt. Chas. Doering, R.N.R. The remains are being kept at the B.C. Funeral Chapel pending funeral arrangements.

Demonstration Concert by the Public School Violin Classes, concluding, February 16, at 8 p.m., at Victoria High School, Fletcher 25c; children 10c. On sale at Fletchers Bros.

## ASK NEW INQUEST TO GET TO BOTTOM OF NELSON KILLING

Interior Residents Petition the Attorney-General to Re-open Double Shooting Case

Provincial Police to Investigate and See if New Investigation is Needed

The real story behind the killing of Mrs. Agnes J. Matthews in Nelson last year was not brought out by the inquest held over the body of Dolphin Lyonnais, who is supposed to have shot the woman and then killed himself, according to a petition received at the Attorney-General's Department from Nelson residents.

This petition asks the Attorney-General to order a new inquest on the double shooting, on the facts of the double shooting, on a second investigation, it is asserted, will turn new light on the tragedy.

On the receipt of the Nelson petition the Provincial Police were instructed immediately to investigate the whole case. If they find evidence to show that this is necessary the authorities will apply to the courts for the re-opening of the inquest. A new investigation can be ordered only by the courts.

In their petition the Nelson people do not include any evidence or advance any theory as to the cause of the shooting. They say, however, that evidence along that line can be produced.

## HAS PLAN TO GET LICENSE REVENUE FROM SOOKE LAKE

Baker Will Suggest Plan to City For Sale of Fly Fishermen's Permits

B. R. Ker, urging that some arrangement be made with the city of Victoria to grant permits for fishermen to use flies for trout in Sooke Lake, which would be a source of revenue and advertisement to the Tourist Trade Group of the Chamber of Commerce to-day.

Mr. Ker was appointed chairman of a special committee to enlist the support of the Fish and Game Association and approach the City Council in an effort to gain permission to issue licenses for fishermen to fish at Sooke Lake.

Sooke Lake teemed with trout, he said. It had been said that fishermen polluted the lakes from which the people got their supply of domestic water. But if the proper precautions were taken this would not occur, said Mr. Ker. There should be no fires, no bait fishing and no camping on the lakeside. There would be a bag limit and strict surveillance kept of those who fished on the lake. The city would collect the fees, however, and gain a little revenue from this source.

Mr. Ker, who is keen to interest the city in his plan, has a rough campaign already drawn up. He will select a committee to work with him on this matter.

## VICTORIA CHAMBER ASKED TO JOIN IN BIG CONVENTIONS

The next convention of the National Foreign Trade Council which was held in Seattle last year and at which the Victoria Chamber of Commerce was represented will be held at Charleston, South Carolina, April 28, 29 and 30 of this year.

The Chamber was also invited to be represented at the Pacific Foreign Trade Council convention at San Francisco March 15 and 16. It was decided to see if any members who were going to San Francisco at that date would represent the Chamber.

## OTAWA TO RECTIFY ERROR IN JUVENILE COURT APPOINTMENT

Federal Government to Issue Proclamation Immediately Covering Old Mistake

Fears of New Applications For Release on Technicality Not Fulfilled Yet

Legal difficulties in the way of the operations of Vancouver Juvenile Courts will be ironed out by the Federal Department of Justice this week, it is understood at the Attorney-General's Department. A proclamation rectifying the error in the original proclamation of the Juvenile Court system in Vancouver, it is expected, will appear in the Canada Gazette which will be published to-morrow.

In the proclamation which first established the Vancouver Juvenile Courts several slight clerical errors were made. On the strength of these Chief Justice Hunter held recently that offenders sentenced by Judge Mrs. MacGill, of the Vancouver Juvenile Court, were wrongfully imprisoned. This decision was handed down in habeas corpus proceedings as a result of which two prisoners were released.

No further applications along this line have been made by Juvenile prisoners, although a large number of them were expected. Each attempt of this sort to secure release will be fought by the Attorney-General's Department, according to an announcement made by Attorney-General Manson a few days ago.

It was pointed out at the Department to-day that everything is being done to make the appointment of the Juvenile Court judges legal as soon as possible. This explanation was made in view of the demand of women's organizations at meetings here for immediate action in this direction.

## RADIO TO HELP HOME PRODUCTS

Broadcasting Effective Advertising, Chamber Directors Told

The broadcasting plan of the industrial group of the Chamber of Commerce featuring home made goods was outlined by H. S. Stevenson at a meeting of the directors of the Chamber of Commerce this afternoon. The campaign has been throughout the month of January, in order to feature home products over the radio would be well worth while. He drew attention to the broadcast of the industrial playlet next Wednesday, which was written around a Victoria home, furnished throughout with Victoria made goods. In accordance with broadcasting etiquette the advertising part was not broadcast until after 11 o'clock, although the programme would start at 9.50 next Wednesday.

## SCHOOL CHOR TO GIVE PROGRAMME

Esquimalt Children to Sing at Ladies' Musical Club Recital

The Esquimalt school choir will give the programme at the February recital of the Ladies' Musical Club, which is to take place in the Empress Hotel on Wednesday evening next. The choir will have the assistance of Miss Marjorie Broady, who will give two groups of pianoforte numbers.

The Esquimalt School choir has become recognized as one of the foremost school choirs of Canada, and under the baton of its leader, F. Waddington, has attained a very high standard of musical efficiency. Tom Morgan, the conductor of the famous Rhonda Choir, who was here recently, said of it: "Unquestionably the finest aggregation of children's voices that I have been privileged to hear during my tour of Canada and the United States. Thoroughly well trained. A splendid sense of pitch was evident. Maybe only in years to come will you properly appreciate what is being done for them now. The children of to-

## AT THE THEATRES

COLISEUM COMPANY  
IS COMPLEMENTED ON  
EXCELLENT OFFERING

Compliments which have been showered on the management of the Coliseum on the programme this week as a tribute to the excellence of the bill, both from the point of view of the stock company's presentation of the comic opera "Erminie," and the feature picture, "Life's Greatest Game." The stage offering is made all the more acceptable by the brilliant and expensive costumes which the enlarged company wears, and the fine scenic effects. It abounds in bright musical numbers and comedy and every night this week it has been received with enthusiasm. "Life's Greatest

Game" on the screen is another of the Coliseum feature pictures.

Once in a decade is the opportunity offered to see such a picture. It is one of the greatest melodramas of all time! Thrilling with the power of a hundred blazing emotions—a swiftly passing kaleidoscope of terrific scenes! It thrills to the finger tips—thrills with its humanity and

beauty! Although it is a picture of which baseball is the theme, it is a picture with a general appeal, one of the most sensational of which is a realistic presentation of the great disaster—the sinking of the Titanic.

STRONG PLAYHOUSE  
STAGE OFFERING IS  
EXCELLENT COMEDY

Delightfully amusing is "Whose Wife Is She?" the strong Playhouse stage offering this week. Big crowds have seen this great show of laughs, and they have been unanimous in their praise of the fine performance of the Hinkley Players. The entertainment is snappy and bright, and the production is bound to please even the most critical. The screen features, "Bobbed Hair," provides a laugh. "Bobbed Hair" comes once in a lifetime. A story about Smith families is told at the Playhouse in the newest of Reginald Hinkley's comedies, and the plot is woven about a boarding house.

"KEEPER OF THE BEES"  
MASTER WORK TINGED  
WITH WARM SENTIMENT

All of us visualize the characters of which we read. In our mind we register a picture of what sort of person a fiction individual may be, and what he or she looks like. But only those who have read "The Keeper of the Bees," and who see this great picture at the Columbia Theatre where it is now being shown, can compare our own idea of a character with the actual person from whom the author drew the inspiration to put her indelibly down in print. For little Gene Stratton Porter, grand-daughter of Gene Stratton Porter, author of the novel which appeared recently in McCall's, plays the part of the "Little Scout" in the P.R.O. picture version of this delightful book, and it was little Gene of whom Mrs. Porter wrote when she created the character.

TWO THOUSAND TAKE  
PART IN CHARGE IN  
DOMINION PICTURE

"When a man can no longer ride he is dead."

In proof of this ancient Navajo belief thirty Indians, each more than seventy, and two who had passed ninety, rode with 2,000 younger red men in fierce battle charged from early morning until the afternoon light faded, day in and day out, for scenes in "The Vanishing American." The filming of this Zane Grey story took a company of 500 whites from Hollywood to the Navajo reservation in northern Arizona.

One of the riders was Bit-ni-sa-ell, "White Hair," ninety-two, one of the Navajo chieftains who fought against Kit Carson when the famous Indian agent, at the head of an American army, conquered the Navajos in 1882.

Richard Dix is the Indian hero of "The Vanishing American."

The picture, which will be shown at the Dominion Theatre to-day.

HONORARY DINNER  
GIVEN TO TOM MIX  
BY YOSEMITE HOTEL

Tom Mix, whose latest picture, "The Everlasting Whisper," now at the Capitol Theatre, was made largely in Yosemite Valley, has come to be known as one of the favorite sons of that beautiful country. By reason of this, the management of the Yosemite Hotel, Yosemite National Park, gave the noted Fox western star a farewell banquet when the shooting of this Jackson Gregory picture was finished. Mix left immediately afterward for a tour of Europe.

The affair was labeled a "special Mix dinner" and on the menu were Stuffed Ford Olives (Named for Victoria Ford, Mrs. Tom Mix), Hot Consomme Hip-root Victoria Cream, of Asparagus, Roast Prime Rib of Beef, Un-mixed, Chuck-wagon, Green Peas, Cauliflower, Mixville Style, Mashed Potatoes, Jingle Bell, Tony Salad, Pineapple Pie, Dan Clark, Grace Tomatoes, and the usual and manifold other accompaniments.

AD COMPETITION ON  
NEXT WEEK'S STORY  
AT CAPITOL THEATRE

It has been brought to the notice of the management of the Capitol Theatre that many of the advertisements used in advertising different attractions have not been of a very striking nature. In order to give the meaning of the picture to the moving picture fans, so they have decided to run an advertisement-writing competition next week's picture, which is Betty Balfour, the noted English comedienne, in "Satan's Sister." The amount of space to be used is four inches wide and three inches deep and to the three competitors who write the most striking advertisement three prizes will be given: the first \$1, the second \$2 and the third \$1. This competition will give every motion picture fan in Victoria a chance to show what kind of advertisement they consider best for advertising moving pictures.

RUDOLPH VALENTINO

Who comes to the Dominion Theatre next week in "The Eagle"

VALENTINO IN  
"THE EAGLE" AT  
DOMINION MONDAY

"Make a motion picture real—true to life—and the art will take care of itself."

This slogan, which has guided the directorial handwork of Clarence Brown in each of his productions, may account in great degree for the record of film success he has established. It particularly guided him in his direction of Rudolph Valentino starring in "The Eagle," showing at the Dominion Theatre all next week.

"Decidedly, I believe in the artistry of motion pictures," declares Brown. "You will find that there is the touch of the artistic in everything that is human and real."

"Nothing can possibly be more artistic than a successfully conducted life or the natural expression of a love theme. These very things within themselves constitute art."

COURBOIN SOLOIST  
WITH SEVEN GREAT  
SYMPHONY ORCHESTRAS

Charles M. Courboin, the noted Belgian-American organist who is announced for a recital in this city on Monday evening next at the organ of the Metropolitan United Church, holds the record among all organ-virtuosi for the greatest number of appearances with famous symphony orchestras. During the past few seasons Courboin has played three times with the Philadelphia Orchestra, twice with the Stokowski, twice with the Detroit Symphony under Gabrieli, twice with the American Orchestral Society (Chalmers Clifton) and the Detroit Symphony (Chalmers Clifton), and once with the Minneapolis Symphony under Verbrugge, once with the Cincinnati Symphony under Reiner, and once with the San Francisco Symphony under Herz—a total of sixteen appearances with full symphony orchestras within a period of a few years.

While orchestral engagements for pianists, violinists and singers are of common occurrence, it is not often that the virtuoso organist has the opportunity to appear with orchestras. There are many reasons for this, chief among which is the scarcity of organists who possess the necessary qualities for such appearance and possibly also, the fact that until very recently orchestral conductors have not interested themselves in organ-orchestral performances.

Ever since Courboin inaugurated the Grand Court Organ in the Philadelphia Wanamaker store in 1919 by playing for the first time in America Widor's brilliant "Sixth Symphony" with the Philadelphia Orchestra under Stokowski, before an audience of 15,000 persons, a new development has come in this little known field of music. The combination of the modern concert organ with an artist such as Courboin at the keyboard of the organ presents an opportunity to hear a massing of tones and brilliance such as no other combination of musical instruments can produce.

Local organists declare that Mr. Courboin's program is one of the most remarkable given in the history of local organ playing.

## Frank Foyston Makes His First Bow To-night

Centre-ice Player to Appear in Uniform; Both Clubs Are Determined to Win as it Will Elevate Victor to Second Place in Race; Cougars Will be Given Ovation When They Take Ice; Great Crowd Will be on Hand to Greet Them

Frank Foyston, the slick-moving centre-ice man, will make his formal bow to the Victoria fans this evening. He will trot out in his new uniform to do his bit in the game between the Cougars and the Portland Rosebuds.

Foyston joined the Cougars just before they left for the prairies and his playing had a great deal to do with the victories recorded during the tour. Foyston has the fighting spirit and knows his place in front of the net. Although not yet in his top form he is playing very heady hockey.

The fans will be glad to see him back on the ice and he will get a big hand as he steps out with the boys.

Foyston will sub for Fredrickson at centre ice. He will get plenty of chance to show his stuff.

There is a possibility that Manager Patrick will start "Gizzy" Hart at left wing. During the prairie trip Hart showed his last year form. There is very little to choose between Hart and Russell Oatman now and Victoria is well protected on left wing. Both boys are back-checking hard and going in on the net.

### LESTER WILL PLAY

Lester Patrick did not play in Portland on Wednesday night but he will be in harness to-night. He will start at right defence. Lester found the prairie trip very night off. He decided to miss the game in Portland rather than the one here to-night. The fans will welcome Lester's decision for they would rather see him on the ice than out of uniform.

Harry Meeking will be the Cougar who will not climb into a uniform to-night.

George Hay, the young scamp who beat the Cougars out of the game in Portland on Wednesday night, arrived in town this afternoon with a determination to do the same thing to-night at the Arena. George brought along with him a bunch of husky looking birds to help him subdue Victoria. They call these birds, in Portland the Rosebuds.

### LOST OVER A PENALTY

The Rosebuds are jumping into a den of mad Cougars and they will find that winning the game will be a tougher assignment than they had on Wednesday night. The champions enjoyed a goal-keeping to within two minutes of full time. Then a costly penalty was placed on the tired Cougars and with six men opposing five, the Rosebuds swung through to win.

Even at that the Cougars believe they had a couple of tough breaks. Two shots went over the goal-line but the goal umpire did not put up his hand.

There is no question but that the game will be one of the most strenuously contested of the season. The Rosebuds, with two home games left and seven games on the road, including a swing around the prairies with two games in Saskatoon, are in a position that is not at all comfortable. If they can pick off to-night's game they will be in second place, three points behind Saskatoon and their chances of winning the play-off will be brightened considerably.

The Cougars, however, by pruning the Rosebuds can hold themselves in the second place. They would then stand with 24 points to their credit, with four home and two away games left.

**PLENTY OF THRILLS**  
There will be plenty of thrills in to-night's game. There is no question about that. Now that the clubs are whirling down the home stretch they have got to battle tooth and nail for points. It will not take much to put some of the rear-runners out of the race.

The Arena will be well-filled for the game. The Cougars will be given a big ovation when they appear as the fans fully appreciate the great work they did on their recent tour. The Boys' Naval Brigade and their band will be the guests of Lester Patrick, manager of the Arena at the game to-night. Prior to the game and during the intermissions the band will render selections.

## Sid Boys Far Off Form in His Game For Cue Laurels

Toronto, Feb. 12.—Although Sid Boys of Vancouver made a fine showing in the elimination billiard matches in the West, even defeating the star, Jack McMillan, recently, he was dogged with poor fortune in the second day of the finals here for the Dominion championship under the Canadian English Billiard Association. The consequence was that A. F. Woodward, his Montreal opponent, piled up a lead of 718 points against him before the audiences which gathered yesterday in Foresters' Hall, to watch the struggle.

During both matches of the day the Quebec and Eastern Canada champion was happy in the handling of his cue. He made three breaks of more than 100, and three others of good size, with the result that early in the evening he began to run away at his own game. Boys, on the other hand, failed to find the balls in good humor, despite his marked talent on the green cloth. Woodward did some graceful work on more than one occasion, and out of the grand total of 5,000 points, which the players are battling, he closed with 2,501, with fifty-nine unfinished, as against 1,783 made by Boys. The high breaks of each for the day were: Woodward, 85, 89, 102, 141, 157; Boys, 80, 81, 72, 78.

### APPEARS TO-NIGHT

FRANK FOYSTON  
For the first time this year Foyston will strut his stuff at the Arena against Portland. The fans are all keen to see how well he is going.

## Good Rugby Games Are Scheduled For Tomorrow Afternoon

Oaks Tackle Bays at Willows; University Plays Three Teams From Brentwood

Rugby followers are confronted by a full card for Saturday in senior, intermediate and junior games. In the senior series the Oaks will tackle the J.E.A.A. fifteen for the last time in the second half of the season. The Bays will play the University boys in the first half of the season. The game will be played at 2:15 o'clock sharp, at the Willows Park.

A big programme has been arranged at the University School, where the University boys will enter three teams from Brentwood College.

The intermediate teams of the schools are the first two teams in their league standing and will be out to settle their differences as to which is the better team. These fifteen are capable of playing good rugby and a large crowd should be on hand to witness the battle.

Two junior games will also be run off between teams of the school. The rivalry is keen as to which group will capture the greater number of games.

At the Cranmore Road grounds the Wanderers in another intermediate fixture, while the Victoria College fifteen will journey to Duncan to engage the Victoria College XV.

Oak Bay "Oaks", McIntyre, Grub, Forbes, Horne, Brynjolfsson, Goodacre, Wilson, Lister, Lampman, Wilson, Weck, Watson, Colman, Keer, McDonald, Johnson.

## Nels Stewart Leads N.H.L. Goal-getters

Ottawa, Feb. 12.—With two-thirds of the 1925-26 scheduled games in the National Hockey League already played, Nels Stewart, playing with the Montreal Maroons, has the largest number of goals to his credit. Out of the sixty-one goals registered by him to date, he personally scored twenty-four, and assisted in a number of others. The principal goal-getters in the N.H.L. follow: Nels Stewart, Montreal, twenty-four; Howie Morenz, Canadiens, twenty; Carson Cooper, Ottawa, nineteen; Cy Denneny, Ottawa, seventeen; Billy Burch, New York, fifteen.

## Riviera Troubles Settled and Rain Calls Halt For Day

Play to be Rushed in Cannes Tournament and Finals Are Likely on Tuesday

Helen Wins Her Game Today Without Losing a Set; Picture Men Still Kicking

Cannes, France, Feb. 12.—Apparently unaffected by her enforced rest of three days owing to the continued rain, Helen Wills advanced another step in the Carlton Club tournament today by defeating Mrs. O'Neill, England, 6-0, 6-0.

Cannes, France, Feb. 12.—The atmosphere of the Riviera, which has been troubled for the past three days by the possibility that the long looked for Wills-Lengien tennis match would not take place after all, has been settled, and, with both Suzanne and Helen committed to playing through the tournament, there would seem to be no further hitch to prevent the meeting.

The Riviera sun, however, is still sulking after three days of steady rain. It is hardly likely that the meeting between the French and American champions can take place before Monday next, or perhaps Tuesday.

There is a possibility that the exclusive picture rights may be cancelled and that all cameramen may be allowed to take pictures of the finals. Miss Wills and Miss Lengien both have protested against the publicity campaign, but the French press have led Thomas Burke, lessee of the Carlton courts, who negotiated the moving picture deal, to think seriously of reconsidering his decision.

### HITCH OVER MOVIES

The arrival at Cannes yesterday of the American who was reported to have purchased the exclusive privilege of taking pictures of the tennis matches, has been a source of some concern. The amount agreed upon is also said to have exercised influence upon Mr. Burke's hesitation to go through with the arrangement. The agreement has yet been signed, the agreement being only verbal thus far.

In the meantime, Georges W. Hill, former secretary of the Wimbledon Association, has been selected as umpire, and eleven line-men, some of them Americans or French, also have been chosen.

There remain 150 matches to play in the open events, while all handicapped events have been cancelled owing to the delay necessitated by the rain.

The referee, Georges Simond, says he will hurry the women's singles along as far as possible so as to have the finals Monday. Tentatively, the hour of the great match is fixed for Monday at 3 o'clock in the afternoon, or Tuesday at 11 in the morning.

### LAYOFF AFFECTS HELEN

Three days' absence from the courts is a much greater handicap to Helen than to Suzanne. The American girl needs all the practice she can get, while the French woman, playing all winter, rather than rest, which she has been getting.

Miss Wills' evening seemed less perturbed than she had been during the filming controversy. She did some painting from a hotel window in the afternoon, and rain-soaked palm trees and the foggy Mediterranean.

Cannes, Feb. 12.—Miss Lengien today dealt with her possible setback as a death blow to plans for a monopoly in motion pictures of the present tournament.

"My opinion," she said, "is that no one has a right to prevent cameramen from making films of a match, provided they do not interfere with the play. A certain number of them must be admitted."

"Tennis is not a commercial sport, like boxing, for instance, and I am sure all amateurs will agree with me in preventing tennis from being commercialized."

Miss Lengien's statement is expected to cause the organizers of the present tournament to withdraw gracefully from a promise to a United States movie agent of a monopoly on pictures of the tournament.

It was announced that all cameramen would be permitted to take pictures.

This decision was reached after a New York telegram to the Associated Press correspondent had been shown the organizers of the tournament, stating that four leading news reel companies in the United States would refuse the pictures of the exclusive concessionaire if their own men were not permitted to film the match.

New York, Feb. 12.—Four American newsreel exhibitors yesterday protested to the United States Lawn Tennis Association against the exclusion of their photographers from the 250-yard breaststroke in two minutes fifty-five seconds and Miss Norelius in a special 250-yard free style event.

Urging that their arguments be placed before the French Tennis Federation, the exhibitors declared that they would refuse to purchase the films from private concessionaires, a step which would prevent their showing in America.

### STRONG PROTEST

The concerns signing the following protest were Kinograms, Fox, International and Pathé. Their statement said: "The undersigned, exhibiting news events in every motion picture theatre in America, wish through the United States Lawn Tennis Association to protest vigorously at the exclusion of our representatives from the Lengien-Wills match. Such discrimination is a violation of the rights of news organizations to cover events of universal interest."

## Huge Cut-throat Trout Hatchery Is Wanted

B. C. Anglers Association Seeks Establishment of Hatchery at New Westminster; Ask That Cowichan Lake Hatchery be Placed in Commission Again; Meeting Called for Vancouver

Vancouver, Feb. 12.—Location of a game fish hatchery at New Westminster to provide the sport fishing waters of British Columbia with a million cut-throat trout eggs yearly, is asked by the B.C. Anglers Association in a letter forwarded to the Minister of Marine and Fisheries by J. Haseldine, a member of the association's executive. In addition the association has called for a conference of all forest and stream bodies in the Province to be held in Vancouver on Monday, March 1, for the purpose of organizing a provincial fish and game protective association.

The Provincial Government has been asked to again put into use the fish hatchery at Cowichan Lake, and to agree to the appointment of honorary game wardens chosen from the membership of the Rod and Gun Clubs of the Province to act as game and fish protection officers.

Officials of the B.C. anglers point out that last year the federal government allowed 200,000 game fish eggs for this Province. In correspondence with Ottawa the local anglers' associations were informed that a hatchery which would supply a million fish eggs yearly could be installed at a cost of \$2,500.

It was decided after a conference that the Province could readily use a hatchery for replenishing the game fish supply and the Department of Marine and Fisheries was so informed and asked to instal a government hatchery of this size.

## JOE SIMPSON FINED Little Opposition \$500; REINSTATED, LEAVES WITH TEAM

New York, Feb. 12.—Joe Simpson, defence player of the New York Hockey Club, who was recently suspended for breaking training rules, has been reinstated. He left with the team last night for Montreal, where New York plays their team Saturday night. Simpson was fined \$500, it is said, and Spill Campbell, who was also suspended and later reinstated, paid a fine of \$250.

## English Leaders Given a Bad Bump By Blackburn R.

Huddersfield Surprised; Sunderland Tackles Manchester City To-morrow

London, Feb. 12.—Huddersfield Town, the leaders of the first division of the English League, were severely jolted yesterday afternoon when they travelled to Blackburn and emerged at the wrong end of a two to one score. This was the fifth defeat suffered by the Yorkshiremen in this season's league play, and although it did not directly affect their present standing, it nevertheless hurt the morale of their supporters considerably.

They continue to run with two games in hand over their nearest rivals, Sunderland. Huddersfield entertain Everton Saturday.

It is Sunderland's turn to take a chance with Manchester City and the game is scheduled for Sunday.

**INTERESTING GAME**  
One of the most interesting of Saturday's games is down for Highbury, when the Arsenal play host to Newcastle United. Another Midlands battle is due for decision when Wolverhampton sidestep a little way to play Aston Villa.

Other scheduled engagements are: Sheffield United, at Birmingham; Tottenham Hotspurs at Blackburn; Cardiff City at Burnley; Notts at Leicester; Burnley at Liverpool; Leeds at Manchester United; Bolton Wanderers at West Ham.

**MERMAIDS PUT SOME MORE NEW MARKS ON RECORD BOOKS**

St. Augustine, Fla., Feb. 12.—Sybil Bauer, Chicago, broke her own world record at the National Women's A.A.U. swimming contest here last night when she made the 300-metre backstroke in 4:53.2-8.

Ethel Lackie, Chicago, national 100-yard free style champion, retained her title.

Not allowed their world records set last Tuesday because of defects in the turning boards, Agnes Garaghty and Martha Neel, both of New York, tried again in special events and reset their laurels. Miss Garaghty made the 200-yard breaststroke in two minutes fifty-five seconds and Miss Norelius in a special 250-yard free style event.

In three minutes twelve seconds: Playfair vs. W. Watson and M. R. Pearce.

Wellington, Feb. 12 (Canadian Press Cable via Reuters).—The touring British bowlers yesterday defeated a local team at the combined clubs of the city, 171 to 127.

**BRITISH BOWLERS WIN**  
The winners in the ladies' monthly medal competition of the Cotswold Country Club played yesterday were: "A" class, Mrs. Burnes and Mrs. Pocock, tied; "B" class, Miss Dorothy Schwengers.

## A TIE AT COLWOOD

## Cy Denmenay Stars In Victory Scored By League Leaders

Toronto St. Pats Force Ottawa to Limit But Lost Out By a Lone Goal

Ottawa, Feb. 12.—In one of the most spirited games of the local national hockey league schedule this season, Ottawa Senators sent St. Patrick's down to a two to one defeat here last night. The strenuous style of game which both teams elected to employ, detracted somewhat from the class of the game, but there was excitement aplenty and the third period was full of high spots.

Ottawa finished one goal to the good and while the red, white and black attack outshot the green-shirted offensive, only spectacular goalkeeping by the rival net-minders kept the score from piling up. Connell and Roach were both in rare form and turned aside many sure looking efforts on the part of their opposition.

**DENNENAY PLAYS FINE GAME**  
Leading the victorious Senators came the veteran, Cy Denmenay with an outstanding game. He scored twice and was in the action for minutes he was on the ice. Boucher, Nighbor, Smith, Clancy and Kilrea all turned in high class games.

Babe Dye, McCreary and Day stood out for the losers, with Belleville also playing a hard, useful game. Corbett was great defensively. Cain also went well when used.

### SUMMARY

First period—No score.  
Second period—1, Ottawa, Denmenay, 3-0.  
Third period—2, St. Pats, Dye, 20; 3, Ottawa, Denmenay, 5-5.

## Willie Ritola Wins Two-mile Race While Hoff Best in Vault

New York, Feb. 12.—Willie Ritola, of the Finnish-American A.C., New York, won the two-mile race, first feature event of the Crescent A.C. meet in Brooklyn, last night, in 9 minutes 17 seconds.

Jimmy Louche of Syracuse finished a half lap behind Ritola after sprinting past Verne Booth of the Millrose A.A., New York, in the final lap.

Charley Hoff of Norway, world champion pole vaulter, scaled 13 feet 2 inches.

This is half an inch better than the world's record which he set in Boston last Saturday, but will not stand as it was not made in competition. Hoff leaped the bar on his first trial.

### HORSE RACING

New York, Feb. 12.—Silver Song of the Princess Anne Stable, became a three-time winner at the Miami track yesterday by capturing the Peland, with Bookbinder second and Deana third. The time for the six furlongs was 1:12 4-5.

Willis Harper Kilmer announced at Miami that he would discontinue his entire stable in training with the exception of some young fillies, because of the ill-health of Frank Bay, trainer.

Cherokee Lee took the Panametta Handicap of one mile at New Orleans in 1:40 4-5, with Bargain Day second and Morning Cloud third. In the fifth, at a mile and seventy yards, Baggenbagg made a show of his field to win in 1:45 2-5, ahead of Eric and Frickley Heat.

Miss Lester equalled the track record at La Juna, when she took the 4 1/4 furlongs in 53 1-5, leading Buck Ford, joint holder of the record, by a nose. It was Miss Lester's fifth victory in six starts. Carlaria, a three-year-old, won the six furlongs handicap feature. He ran 1:14 4-5 for 12 furlongs, the favorite, finished fourth. The track was uncertain and it rained after the seventh race.

**ROLLER HOCKEY**  
Roller hockey league games played last night resulted as follows:

90-lb. class—Oaklands Eagles 5; Hill's Corner 2.

145-lb. class—V.I. Reds 3, 112th Battalion 5. Veterans 10, Eagles 3. Games for to-morrow night will be as follows:

90-lb. class—Fernwood Beavers vs. Hill's Corner.

110-lb. class—Foul Bay Monarchs vs. Willows Canucks.

145-lb. class—112th Battalion vs. Eagles.

## Greb Declares He Will Fight Tunney

Phoenix, Ariz., Feb. 12.—Harry Greb, world's boxing champion, in the middleweight class, announced yesterday that he had agreed to meet Gen. Tunney, light-heavyweight champion, at Miami, Fla., the latter part of March. He said \$25,000 was deposited in a bank there to guarantee his appearance.

Greb will fight a ten-round decision bout here to-night with Owen Preps, middleweight champion of Arizona. The championship will not be involved as they will be over-weight.

**MORE FAMOUS FRASES**  
"I'll raise you"—Pete the Elevator Pilot.  
"I'll see you"—One-Orbed Conolly.  
"I'll call you"—Big Ben.  
"I'll stick on these"—Tanglefoot.  
"By me"—Walter Johnson's fast one.  
"Who's missing?"—Houdini.  
"Is everybody in?"—The subway guard.

## OPENING ON LINE

HAROLD HART  
Lester Patrick, boss of the Cougars, will start Hart at left wing to-night. "Gizzy" Hart has played such fine hockey of late that Lester will honor him with the title of "regular" against Portland.

## Visiting Hoopsters Fail To Hang Up a Win in City League

C.P.R. and Sons Win by Large Scores; Onwegos-Sooke Tussle Close

Three outside hoop teams visited the Armories last night to try conclusions with local teams in the City Basketball League, but not one was able to register a win. After a hard fight the men's "A" team from Sooke had to admit defeat to the fast-paced Onwegos from the First United Church by a margin of six points, the final score being 30-24. The Sons of England came through with flying colors in their tussle with the Sooke "C" team and piled up forty-five points to their opponents' eleven.

The C.P.R. seniors came out on the long end of a 35-17 score against Saanichton.

The feature of the evening was undoubtedly the Onwegos-Sooke affair, which produced some excellent basketball. Eighteen to eight for the Firsts, was the standing at the interval and no less than six of the Sooke points were registered on free throws. In this period the Onwegos had a big edge on the visitors, due to their superior combination.

The Sooke men speeded up the pace in the second half and for a while things looked favorable, but the Firsts had enough in reserve to pull themselves through. Eighteen of the Onwegos' points were credited to G. Sward, who was the high scorer of the evening. George Sward, the net for nine of the Sooke points.

Tommy de Macedo refereed and the teams were:

Onwegos—Darybakra, McCreadie, Crawford, Grant, Sward, Whyte, Stewart and Bell.

Sooke—Charters, Wright, Murgford, George, Piller, Acreman and George.

**C.P.R. GOOD SHOOTERS**  
The dazzling combination of the C.P.R. seniors coupled with the weak shooting of Saanichton gave the former an easy win. The railroaders rang the hoop with regularity in the first half while Saanichton could not hit their stride, with the result that the score sheet stood: C.P.R., 14; Saanichton, 5, at the interval.

The visitors held the C.P.R. boys down better in the second stanza but could not overcome their eight-point deficit.

Bob Whyte was the referee and the teams were:

C.P.R.—Brindley, Wichter, Moore, Dunn, Passmore and Jones.

Saanichton—"Turgos", Lannon, Fagerberg, Lannon, McNally and Turgos.

**WON WITH EASE**  
No chance was given the Spoke team by the Sons of England, who were not worried at any time during the game and came through to win by a nice margin of thirty-four points.

Gordie Wooldridge refereed and the teams of England—Thomas, Stubbs, Gandy, Macedo, Hill, Latham and Sellers.

Sooke—Ewer, Paige, McIntosh, McKensie, Baker, Pontious and George.

**Uplands Ladies**  
The draw for the ladies' hidden-hole competition, to be played at the Uplands golf course Saturday, is as follows:

Mrs. Geiger vs. Miss Maxwell, Mrs. Boyd vs. Miss M. S. Fraser, Mrs. Widdow vs. Mrs. Fairbairn; Mrs. Sanders vs. Mrs. Unsworth; Mrs. Nickerson vs. Mrs. Price; Miss MacNaughton vs. Miss Wheeler; Mrs. Hepburn vs. Miss Hiseock, Miss K. Fraser vs. Miss Cameron, Miss J. Angus vs. Mrs. P. B. Elliott, Miss M. E. Young vs. Miss D. Cass, Miss B. Wilson vs. Miss Wolfenden, Mrs. J. Cameron vs. Mrs. Hope, Miss M. E. Mills vs. Mrs. P. E. Elliott.

**BASEBALL**  
Chicago, Feb. 12.—Russell, Pence right-handed rookie pitcher, was accounted for when the Chicago Cubs departed for their Catalina Island training camp yesterday. Since Pence has not signed a contract, he becomes the first major league holdout of the season, and the first in the history of the Chicago Nationals.

## Vets. and Islanders Will Try To Settle Argument Tomorrow

Teams Will Meet in Replay in Jackson Cup Series; Much Interest in Game

Two Milton Cup Games Also on Slate For To-morrow; One Junior Match

One game in the Jackson Cup series and two in the Milton Cup competition will be served up for the approval of soccer fans to-morrow afternoon.

The game in the Jackson Cup series will be a replay of the tie between the Veterans and James Island. These clubs ended a thrilling struggle last Saturday by 2-2 after half an hour's overtime. To-morrow they will meet at the Royal Athletic Park at 2:30 o'clock with Frank Saunders as the referee. The winner of the game will advance to the semi-finals, meeting Victoria Wests.

**ISLANDS SURPRISED**  
Before the kick-off last Saturday the general belief was that the Veterans would walk through the Islanders. The Veterans fielded a team which has had considerable experience in the Pacific Coast Football League, but they pumped into strong opposition. The Veterans only managed to gain a tie when "Pip" Mirfield rushed through a goal just before full time. Rogers, who played goal for the Islanders, had a great deal to do with keeping his team in the running. He made some remarkable stops.

The Islanders came to town to-morrow with a very strong team, and they hope to once again force the Veterans to the limit. The Vets intend to field the best team they can lay their hands on in order to make sure of surviving the round.

The two Milton Cup games should provide some interesting soccer, with the meeting of the Victoria West and Esquimalt at Beacon Hill looming up as the main event. Esquimalt, at present, are leading both the First Division and the Milton Cup series. They have not played in the Jackson Cup series as yet, but will play the Sons of England in the semi-finals next Saturday. The Vets are keen to lower the colors of Esquimalt, a feat that has seldom been accomplished by any club this season.

The match between the Sons of England and United Services will be keenly contested, with the Sons playing a hard game in order to put the Vets on their play for their Jackson Cup match next week with Esquimalt.

To-morrow's games will be as follows:

Veterans vs. James Island at Royal Athletic Park. Referee, F. Saunders.

## VICTORIA AUTOMOBILE DEALERS

Announce Extraordinary Bargains in Good Used Cars for the Balance of this Month.  
EACH ONE LISTED IS A REAL SNAP

### WHEN YOU BUY A USED CAR

The name on the dealer's door may mean more than the name on the radiator.

#### PLEDGE TO THE PUBLIC

On Used Car Sales

- 1 All used cars offered to the public shall be honestly represented.  
If a car is suitable only for a mechanic who can rebuild it, or for someone who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.
  - 2 All Studebaker automobiles which are sold as CERTIFIED CARS have been properly reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.  
This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.
  - 3 Every used car is conspicuously marked with its price in plain figures, and that price, just as the price of our new cars, is rigidly maintained.  
The public can deal in confidence and safety only with the dealer whose policy is "one price only—the same price in all." For, to sell cars on this basis, every one of them must be honestly priced to begin with.
  - 4 Every purchaser of a used car may drive it for five days and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used.  
It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.
- Not only to the public, but also to The Studebaker Corporation of America, whose cars we sell, we pledge adherence to the above policy of selling used cars.

There are one million used cars in Canada. The finest car on our streets to-day is the Studebaker. The value of a used car is governed by these three important factors:

- 1—What the maker put into it.
- 2—How it has been used.
- 3—How it has been reconditioned.

Many shrewd buyers realize that it is sensible economy to buy a fine used car with a great deal of unused quality transportation rather than a cheaply constructed new car. Under the Studebaker Dealers' Used Car Pledge you are able to buy unused transportation with maximum safety. As a guaranty that the car you buy has been properly reconditioned and is as represented, you are offered five days' trial.

No matter what make of used car you intend buying, you can't afford to purchase without seeing our stock. We sell unused transportation on the same high plane that distinguishes our merchandising of new One-profit Studebakers.

Our Prices Are Greatly Reduced for the Month of February

## A TRUE STORY, MORE OR LESS, OF SAINT VALENTINE'S DAY

BACK in the days when Roman maids and swains trod the purple grapes into wine and danced and sang in the golden outdoor, there was much feasting and dancing at the old feast of the Lupercal.

This feast was in honor of the horned god Pan and of Juno, the haughty and feared wife of Jupiter.

At this feast a marriage lottery was held. Names of marriageable damsels were put within a box and drawn out by spouse-seeking swains.

That's one story of how St. Valentine's Day came about!

Legend has it that when the Christian God showed away the old gods of the pagan Greeks and Romans, they did away with the marriage lottery, too, but put the names of patron saints within the box and drew.

Each Christian, then, had a saint to guide him or her through the coming year.

Then, in later centuries, the "drawing slip" idea was revived on one eve a year, St. Valentine's Eve, and the slips grew into flowered and ribboned and lace valentines.

That's only one story of the myths which try to explain how St. Valentine's Day came about.

The colorful legends of all nations try to explain it. In fact, we have not another holiday which so teems with contradictory stories.

But every story is so plausible, so pretty a tale, so dramatic, that we might as well keep them all.

There's this one. The ancients believed that the birds selected their mates on Feb. 14, so humans began to do it, too. And the date was a festive day in honor of lovers.

**RELIGIOUS ORIGIN**  
Feb. 14 became, too, a great religious date in the Christian church, and since the name of Valentine was a great one in the church and either a bishop or priest, named Valentine officiated at these religious fete days, the name and date became associated.

The two St. Valentines who played a big part in the church way back in those B. C. days, however, probably never heard of a valentine or ever thought of the old love festival. There was a priest, perhaps even

a pope, back when Claudius ruled Rome. This Valentine was not popular as a Christian and was thrown into jail, where, it is said, he cured the jailer's daughter of blindness. He was later clubbed to death by Romans faithful to the old gods.

And Bishop St. Valentine of Rome at about the same time! He was credited with miraculous cures and met his end by choking on a fish bone.

The customs which various peoples practiced on St. Valentine's Day are as colorful as the stories which try to explain how the day came about.

In old England maids and swains met together and played the old game of drawing slips with one another's name upon them. The maid who drew a certain swain's name had to kiss him or dance with him or even marry him!

**THEIR LOVER'S NAME**  
Girls wrote names of eligible young men upon slips of paper rolled in clay and dropped the pellets into water. As the clay dissolved from the slips and the papers reached the surface, each girl grabbed for the name of her lover.

Gift-exchanging on Valentine's Day grew into a formality between other than lovers only. Even old Samuel Pepys comments in his diary on the beautiful valentine which his wife, Deb, received from a mutual gentleman friend.

Later on England ruined Valentine's Day by making it an occasion for the sending of malicious anonymous missives.

Our own continent did not send valentines until the late 1840's, when a young New England miss copied a valentine sent her from England and soon amassed a fortune.

## Canada Among Leaders Now in Rearing of Sheep

Toronto, Feb. 12.—Speaking at the annual meeting of the Canadian Sheep Breeders' Association here yesterday, H. S. Ackell, Dominion Livestock Commissioner, stated the pure bred sheep raised in Canada would stand comparison with sheep bred anywhere in the world. He commented on the fact that it was not now thought necessary to import pure bred stock from other countries for the improvement of Canadian sheep, as was done in years past.

ments of the past, Canada was not increasing her sheep stock, he said. George Gordon of Oak Lake, Man., was elected president.

## SAANICH VALENTINE DANCE ENJOYABLE

### Agricultural Society Hosts to Big Crowd Wednesday

Keating, Feb. 12.—The ladies of Harmony Lodge, L.O.B.A., Saanich, are holding a sale of fancy needlework and home cooking in the Orange Hall on Wednesday afternoon, February 24, at 2 o'clock. A card game will be held in the evening when progressive five hundred will be played, for which good prizes will be awarded and a cordial invitation is extended to all to attend.

An enjoyable Valentine dance was held in the Agricultural Hall on Wednesday evening under the auspices of the North and South Saanich Agricultural Association, when over 100 guests danced to the strains of Charles Hunt's three-piece orchestra. The hall was prettily decorated by the committee with sword ferns and hearts in keeping with the Valentine season, the decorations also being carried out in the dining-room, where supper was served by an energetic committee of ladies, Mesdames Nimmo, McKenzie, Turcotte, R. D. Pope, W. D. Mitchell, Blackburn and Miss M. Malcolm, assisted by several of the men. After supper dancing continued till 1 p.m.

Mr. F. D. A. Burton, a former resident of Stelly's Cross Road, is visiting friends in the district prior to his departure for New Mexico.

Mesdames Tanner, E. T. Laurie, H. Laurie and Wood will be hostesses at the fortnightly card party under the auspices of the South Saanich Women's Institute in the Temperance Hall on Saturday evening, February 13. The game will commence at 8.30 and refreshments will be served.

The Young People's Society of the South Saanich United Church will meet in the church parlor on Monday evening, February 15, at 8 o'clock. The order of the meetings have been altered and the religious convener, Miss L. Dearing and Mr. W. McChie, will take charge on Monday, while March 1 will be intellectual night.

The date of the three-act comedy play, "Deacon Dubbs," under the auspices of the South Saanich Young People's Society, has been set for March 24. The rehearsals are now well under way and an excellent evening's entertainment is anticipated.

Miss Evelyn Nimmo has returned to her home on Prosser Road after spending several weeks visiting relatives in Wellington.

The Saanich Athletic Association entertained with another enjoyable five hundred tournament in the Agricultural Hall on Saturday evening with a good crowd being present. Two tables tied for first prize with twenty-four discs, fort No. 9 winning on the cut, the players being Mrs. R. D. Pope, Messrs. J. Pettes, H. Rochon and J. Black, while second prize was awarded to Misses M. Malcolm, F. Peterson, Mrs. Nimmo and Mr. W. Hawkes. An exciting basketball game preceded the prize tables when the Onwegans' team from Victoria played the Saanich team, the score being 43-35 in favor of the local boys. Refreshments were served in the close of the evening by an energetic committee of ladies.

## Colwood

Special to The Times

Colwood, Feb. 12.—The executive committee of the Esquimalt Rural League held a service was held Wednesday night at the headquarters of the nurse, Colwood, R. I. Van der Byl, president, in the chair. Accounts were considered and passed for payment, and it was decided to build a garage near the nurse's residence for the association car. Details of construction, etc., are in the hands of Mr. A. S. Burgess, vice-president. The nurse's report for the month of January was considered, which showed that six schools had been visited with a total of ten visits to same, and 110 children inspected. Twelve health talks had been given and eight minor treatments, twenty-two follow-up visits had been made and thirty home visits, and two children taken to dentist. Twelve child welfare visits and two pre-natal visits had been made, with three transportation, fifty-four paid nursing visits, including forty-two Metro-Politan.

The quarterly council meeting will be held at Colwood on Monday, February 22, at 8 p.m.

The "Bee" girls' health club opened its season to-day with a meeting in the Luxton Hall, after a short spell of inactivity during the winter months. The founder of the club, Miss H. Kelly, announces that a very busy season is planned, and the members are keenly anticipating their work. Mrs. McLeod will act as assistant supervisor, and Miss Helen Newbury has promised assistance.

## ONTARIO DEBATES WON

London, Ont., Feb. 12.—Taking the affirmative side in a debate last night on the subject, "Resolved that Western civilization is becoming a degenerating influence to mankind," the debating team from British uni-

versities now touring Canada was defeated by a team of the University of Western Ontario.

The doctor had two pretty children. One day a woman passing two small boys heard one say to the other: "Those pretty girls over there are the doctor's children."

"Yes, I know," said the other. "He keeps the best for himself."
